

Connect your topic to a Social Studies Skill

Directions: With your topics that you have brainstormed, try to connect **four** of your topics to different Social Studies skills. This is a difficult step but one that will help you to write a great research question. Read through the description of each of the skills on the project explanation handout to see how and why your topic connects to that particular assignment.

Topic	Social Studies Skill(s)	Why and how does this skill(s) connect to your topic?
1.		
2.		
3.		
4.
