On **Thursday, May 1st**, we will be having our last **Guidance Open House** for the school year for parents and students in the Guidance Office. We will have a counselor available to meet with you and your student between 4:30-7:00 pm. This is an opportunity to plan for the 2014-2015 school year. It also gives you a chance to discuss career and college paths as you plan for “Life after ATHS”. Appointments are not necessary, however, they can be made by calling the Guidance Office at 630 628-3318.

Message regarding the PSAE ACT Test and National ACT

Most colleges and the NCAA Clearinghouse will accept the ACT score from the PSAE Test taken on April 23 & 24, 2014. **All juniors are encouraged to take the Writing portion on one of the National ACT exams. National Test Dates** are listed in this newsletter. Call the Guidance Office with any questions at 630-628-3318.

PLAN/ACT RESULTS

Parents will also receive information on how they can help their students raise their scores.

Do's and Don'ts on writing the college application essay

Do's

-Keep your focus narrow and personal

Your essay must prove a single point or thesis. The reader should be able to find your main idea and follow it from beginning to end. Ask someone to read just your introduction to see what he or she thinks your essay is about.

-Prove it

Develop your main idea with vivid, specific facts, events, quotations, examples, and reasons. There's a big difference between simply stating a point of view and letting an idea unfold in the details.

-Be Specific

To avoid clichéd, generic, and predictable writing, use vivid, specific details

Don'ts

-Don't tell your readers what you think they want to hear

Most admissions officers read plenty of essays about the charms of their university, the evils of terrorism, and the personal commitment involved in being a doctor. Bring something new to the table, not just what you think they want to hear.

-Don't write a resume.

Don't include information that is found elsewhere in the application. Your essay will end up sounding like an autobiography, travelogue, or laundry list.

-Don't use 50 words when 5 will do

Eliminate unnecessary words.

-Don't forget to proofread

Typos and spelling or grammatical errors can be interpreted as carelessness or just bad writing. Don't rely on your computer's spell-checker.
