

AP Economics Summer Homework/Reading Assignment

Scholars:

To help lighten the load (and it will be a heavy load) for next year's AP Macroeconomics and AP Microeconomics classes, I am assigning some summer reading to prepare you for class. I would like you to get a copy of a book, and read and provide a detailed summary of the following chapters depending on what class you are taking. If you are signed up for both Macro, and Macro, then the assignment is the whole book.

Micro Chapters Assigned : 1,2,6,7,11,12,13

Macro Chapters Assigned: 2,4,5,6,8,9,10,11,12,13

The name of the book is :

NAKED ECONOMICS

By Charles Wheelan

Here is the link on amazon, but can probably also find a copy at the library.

If there are any questions, see Mr. Eslick in the Social Studies office before the year is out.
