

Willowbrook High School **Distinguished Alumni/Service Recognition**

February 2010

Dear Willowbrook Families, Alumni and Community Members,

Willowbrook High School is pleased to announce the establishment of a Distinguished Alumni/Service Recognition Program to celebrate the accomplishments of our outstanding former students and staff members from Willowbrook High School. This recognition will be an everlasting legacy of the Pride, Tradition, and Excellence that has defined our great school since 1959.

Recipients of this recognition will have provided outstanding contributions to their profession, our community and society overall. Through this recognition, we hope to inspire current and future students of the contributions they can make in the years to come as they move on beyond Willowbrook High School.

Nominations may be submitted using the included form and will be accepted at any time. The first class of recipients of this prestigious honor will be determined in June 2010 and will be inducted in the Fall of 2010 during Homecoming Week. Those nominees not inducted in this first year will remain eligible for future years, and new recipients will be determined annually for induction each Fall.

If you have questions or are interested in serving as a member of our selection committee, please do not hesitate to contact Dan Krause at (630) 530-3439.

We thank you for your nominations of those students and staff members that have made significant contributions to Willowbrook High School and our entire community. It is with great pride that we establish this recognition program and we look forward to celebrating the great work of each of the individuals that will be inducted.

With Warrior Pride,

Daniel Krause
Principal
