

District 88 to host Bond Proposal Public Information Meetings

DuPage High School District 88 invites you to attend two upcoming Bond Proposal Public Information Meetings.

The district is evaluating a funding proposal that could appear on the Nov. 3, 2026, ballot to address essential facility improvements at Addison Trail and Willowbrook high schools. These improvements include safety and security upgrades, updates to aging infrastructure, enhancements to ADA accessibility, and improvements to Career and Technical Education (CTE) spaces.

The proposal would allow District 88 to complete this work ***without a net tax rate increase***. This is possible because District 88 has existing referendum debt that will be paid off after levy year 2026, and the district has limited the proposal to the **absolute highest-priority needs**.

The Public Information Meetings will offer an opportunity to learn more about the proposal, ask questions and speak directly with District 88 administrators. Building tours also will be available to highlight the areas identified for updates.
