Recognition of District 88 Successes

State Recognition

Dan Krause, principal from Willowbrook, presented Chloe Devens who has received State-Level Recognition from winter and spring of 2020. Chole competed in Extemporaneous Speaking during the Illinois High School Association (IHSA) State Tournament. That event took place on Feb. 21 and 22 at Peoria Civic Center. She is the first Willowbrook student to qualify for that event in at least 30 years, and she placed in the top 21 of Extemporaneous speakers in Illinois. Congratulations!

Information/Discussion Items

DISTRICT 88 RETURN TO SCHOOL PLAN

The District 88 administration shared the proposed plan for the 2020-21 school year at Addison Trail and Willowbrook. District 88's Return to School Plan is comprised of flexible education models/structures to accommodate a variety of scenarios to ensure student learning can be maintained virtually or in person. Highlights of the plan include:

Remote Learning

- **District 88 will begin the 2020-21 school year with Remote Learning.** During this stage, all instruction and resource support will be remote (with exceptions for special student populations).
- Students will follow a block schedule on Monday, Tuesday, Thursday and Friday. The schedule will consist of 80-minute periods and a resource.
- On Wednesdays, students will follow a traditional schedule with eight periods. Each period will be 35 minutes. This will allow for deep cleaning/sanitation of the facilities and for weekly breakfast and lunch distribution for District 88 students and families.
- **The district will reevaluate the status of the COVID-19 pandemic and Remote Learning during the Oct. 5, 2020 Board of Education meeting.**

Remote Plus Learning

- Should the district transition to Remote Plus Learning, students would follow the same weekly schedule as in Remote Learning (see above).
- During Remote Plus Learning, instruction would remain remote. However, students would be able to access in-person resource support by appointment. This provides an opportunity for pupils to come on campus and receive face-to-face instruction during resource.

Blended Remote Learning

- Should the district transition to Blended Remote Learning, groups of students would begin coming on campus for in-person instruction. Students would follow a block schedule on Monday, Tuesday, Thursday and Friday. The schedule would consist of 80-minute periods and a resource.
- On Monday and Tuesday, specific proportions of the student populations would come on campus for in-person classes (those numbers would be based on recommended levels of safety). All other students would receive remote instruction.
- On Thursday and Friday, specific proportions of the student populations would come on campus for in-person classes (those numbers would be based on recommended levels of safety). All other students would receive remote instruction.

- On Wednesdays, instruction would take place remotely (unless authorized by the administration). Students would follow a traditional schedule with eight periods, and each period would be 35 minutes. This would allow for deep cleaning/sanitation of the facilities and for weekly breakfast and lunch distribution for District 88 students and families.
- Resource may be remote or in person, depending on student need.
