

Preschool Teaching Internship *(One Semester)*

Prerequisite: Preschool II and teacher approval

This internship opportunity is given to those students who have successfully completed Human Growth & Child Development, Preschool I and Preschool II and have been given permission, after an application process, to enroll in this course. As an advanced continuation of Preschool II, the student works as an individual lead teacher in the Little Blazer Preschool. The student will further their education and knowledge in working with young children by conducting research, observing, planning, implementing lessons, and individual reflection. *Earn College of DuPage credit in the Dual Credit program.*

Textile & Design

Fashion & Apparel Construction 1 *(One Semester)*

This hands-on, performance based class is designed for the beginner student interested in the fashion apparel industry. Emphasis is upon fashion trends, design principles, color theory, pattern and fabric selection, machine operation, as well as basic clothing construction and pattern reading to create a basic garment.

Fashion & Apparel Construction 2 *(One Semester)*

Prerequisite: Fashion & Apparel Construction 1

This hands-on, performance based class focuses primarily on clothing construction techniques including equipment, practical skills, and sewing processes in the apparel manufacturing industry. Students will learn to create garments using self-selected patterns and fabrics. Additional emphasis is on basic fashion design and personal fashion analysis.

Advanced Clothing Construction *(One Semester)*

Prerequisite: Fashion & Apparel Construction 2

This hands-on, performance based class focuses on further in-depth exploration of advanced clothing construction techniques and advanced equipment operations. Emphasis on the quality of construction including fit methods.

Interior Design *(One Semester)*

No prerequisite required.

This laboratory course is designed for the student interested in the study of interior design. Emphasis is on the application of art design principles to achieve effective interiors. Units of study include: personal needs/housing, historical development, consumer issues, elements and principles of design, floor plans, and construction basics of the interior design industry.

Culinary Arts

Culinary Arts 1 (One Semester)

This course combines both a classroom setting and a laboratory experience. The course focuses on kitchen safety and sanitation, recipe reading, food assembly techniques, and the nutritional value of basic recipes. This course is designed for both everyday cooking and those aspiring to work in the food service industry.

Culinary Arts 2 (One Semester)

Prerequisite: Culinary Arts 1

This laboratory course expands upon the knowledge and culinary skills obtained in Culinary Arts I. Emphasis will be on meal planning and more advanced cooking/preparation skills and careers within the food service industry. Students will also have the opportunity to obtain the ServSafe Food Handler Certificate. **Industry Certification opportunity available.**

Culinary Arts 3—Hospitality (One or Two Semester options)

Prerequisite: Culinary Arts 1 or 2 OR a Business Course

This two-period capstone course is sponsored by Addison Trail, local hotels, restaurants, and other hospitality establishments. Students who have completed both Culinary 1 & 2 will be eligible to enroll. Students will gain experience with duties performed in the hotel, restaurant, and travel industry, and earn Food Manager Certification. Learn both the culinary side as well as the Business/Hospitality side of the industry. **Earn College of DuPage credit in the Dual Credit program. Industry certification opportunity available. Must sign up for both FACS and Business Culinary 3 courses.**

Food for Life (One Semester)

This laboratory course provides cooking skills and techniques that will aid in successful independent living upon graduation. The focus is on tips for making wise nutritional and economical food choices, and cooking techniques to prepare simple, well-balanced snacks and meals. **Senior status. Earn College of DuPage credit in the Dual Credit program.**

Preschool Courses

Human Growth and Child Development (One Semester)

Students explore topics focusing on child growth and care from conception through childhood with emphasis on the techniques and skills necessary to promote healthy physical, social, emotional, intellectual, and moral development. This course incorporates concepts from child psychology, educational research, biology, sociology, and philosophy. Students will spend a full weekend with a computerized baby to further their understanding of the care needed for an infant. **Industry Certification opportunity available.**

Preschool I/Preschool II (One Semester each course)

Prerequisite: Human Growth & Child Dev. and Teacher approval

Students will apply the knowledge learned in Human Growth and Child Development, in the preschool lab setting. Children from the community attend The Little Blazer Preschool, which is directed by the course instructor and the assistance of the high school students. Students will have the opportunity to observe the preschoolers as well as work with each child on a one on one basis. Students will complete Level One of the ECE Gateways Program and earn a certificate in Preschool I. **Industry certification and Internship opportunity available.**
