

**BOARD OF EDUCATION
DUPAGE HIGH SCHOOL DISTRICT 88
ADDISON, ILLINOIS**

PROJECT: To Provide Special Education School Bus Transportation Management Services to DuPage High School District 88.

Addendum #1 – March 23, 2012

In response to questions received from potential bidders, following is additional information.

Correction: Bus routes and time schedules - The Company shall develop and operate bus routes and time schedules based on the requirements of student placements and their schedules as provided by the District. No routes or time schedules are to be followed that are in any way contrary to any safety regulations, whether or not prescribed by the statutes, that may endanger the lives or property of the driver, passengers, or other persons, or cause undue and excessive damage to the school bus. The Company will be expected to cooperate with other districts regarding scheduling. While it is intended that the successful bidder will be employed as the primary provider of transportation for special education students, it should be noted that it is not exclusive and that in certain instances the District will, due to certain requirements of particular students, utilize additional sources of transportation.

Question #1 - Number of routes and buses?

Answer #1: The successful bidder is responsible for developing routes and time schedules based on the requirements of student placements and their schedules as provided by the District. The District does not have specific knowledge of the number of routes run nor the number of buses utilized to accomplish the transportation of the special education students.

Question #2: Can you provide a copy of invoices from a recent month and a summer month?

Answer #2: Invoices from the most recent month and one summer month (with student information removed) follow this notice.

All other information and instructions are unchanged from the original bid document.
