I work at a naturopathic practice that specializes in chiropractics, nutrition, and massage. I have five years of experience as a massage therapist and am a graduate of National University of Health Science.

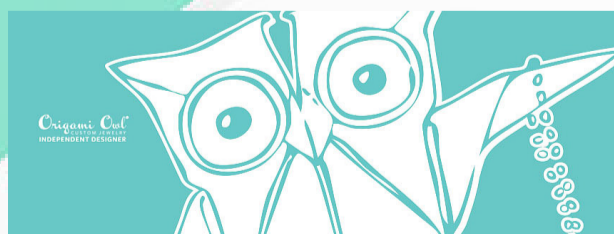

Pitter Patter Paws is a small business to help pet parents care for their babies while they are busy or away.

I design fun accessories for kids. I love being able to share these glamorous bows and headbands with everyone! Every product is personally made by me. I love doing custom orders and requests!

Jamberry is a fun new way to get great looking nails at home! Our non-toxic vinyl adhesive wraps are easy to apply with just a bit of heat and pressure. The best part: There are no chips and they last up to 2 weeks & come in over 300 designs!

Origami owl is a custom jewelry company that can create a look as unique as the person wearing it. Customize a piece for any occasion! You are bound to find something for you or anyone special for a one of a kind gift.

A villa park based animal rescue that saves animals from euthanasia and helps them find their forever homes.

Thirty-One Gifts specializes in fashionable products to keep you organized in your home and life. I offer personalizable, unique and on-trend purses, accessories, and products that provide organizing solutions with innovation and quality.

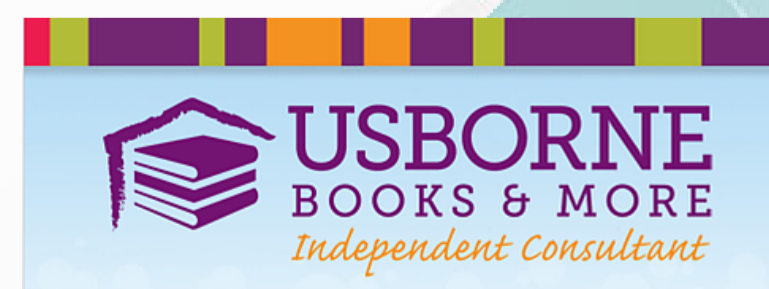

Scent With Love creates homemade blends from Essential Oils! All blends are made to order and custom orders are available.

I make wreaths using ornaments for a special theme, kids, holidays, seasonal, weddings, babies, sports, & custom

We're Revelry Photo and we specialize in children and family lifestyle photos.

The future of our world depends on the education of our children. We deliver educational excellence one book at a time. We provide economic opportunity while fostering strong family values. We touch the lives of children for a lifetime
