Is there a girl in your life in middle or high school that wants to learn about career opportunities in Aviation?

Join us then for our 7th Annual "Sky's The Limit – Interactive Aviation Camp" for a fun-filled, action-packed day to introduce her to aviation - or expand her growing interest.

The girls will be in the presence of amazing role models ranging from airline pilots to aircraft mechanics to aviation industry executives. They'll learn how to read a sectional chart, preflight a Cessna 172, learn the phonetic alphabet, fly a flight simulator, talk to professionals in the career field about how they pursued their dream job...and lots more!

Help us encourage this next generation of women to consider a career in the aviation field by participating in our "Aviation Career Camp" at Lewis University. The day's activities, including lunch, are available at no charge but space is limited, so register today!

For more information, visit us at:

www.chicagosleadingedge.org

Women in Aviation, International is dedicated to the advancement and encouragement of women in the field of aviation.

Chicago's Leading Edge, in partnership with Lewis University, hosts this educational outreach event in hopes of inspiring young high school females to develop an interest in aviation.
