About Nia Z

Addison Trail High school holds a special place in the heart of Nia Z (formerly known as Nia Westerkamp). Nia was a student at Addison Trail from 2011 to 2015; her greatest accomplishment being establishing AT's first Black Student Union. Subsequently after graduating high school Nia attended the University of South Alabama for a year before taking off into the world. With only \$500 and a plan she took a leap of faith across the country to California to build her event business and non-profit. After 5 years of risks, success, growth and building Nia is thrilled to make her way back to her alma mater Addison Trail to present 'You Can Create Your Daydreams'.

Presentation Overview

The purpose of 'You Can Create Your Daydreams' is to inspire young people to create a life they will love living beyond the blueprint that is often presented to us from childhood. Listeners will be guided through Nia Z's personal journey of transformation while enjoying lessons about the power of our beliefs, current entrepreneurship trends and the inspirational story of Black Wall Street. This will be an interactive presentation where students will be encouraged to give their insights, visualize and follow along on a special Instagram storyline.

Objectives

- Students will leave this presentation feeling inspired and more confident about how much power they have over creating a life they truly desire.
- Attendees will have a clear understanding and appreciation for what Black Wall Street stood for, who was involved in the creation of it and why it is so important in regards to African American culture and American history.
- Students will gain new ideas about current trends in entrepreneurship today.

***I am so thrilled to have the opportunity to come back to Addison Trail to share my experiences and inspire students about how amazing truly creating a life they will enjoy can be! I hope to relate to students on a very personal level; my intention is to connect to the people who feel like they need to create a life plan that is custom tailored for them rather than follow the plans others have set out on the table. I hope to inspire the young people who are ultra creative, the ones who can't go a day without visualizing their ideal reality, the people who come up with 20 new ideas about how to change the world per day and the creatives who can't help but make their own rules! I am coming to touch the hearts of the builders, the inventors, the entrepreneurs and the trailblazers! My purpose is to remind everyone that YOU CAN CREATE YOUR DAYDREAMS! So excited to see you on the 18th!
Much Peace & Prosperity To All - Nia Z***
