

AP[®] Advocates

Dear Judie,

I am writing to express my sincere appreciation for your unwavering commitment to AP students and the AP Advocates Program. You have made vital contributions to the program to expand opportunities for students and we are endlessly grateful.

Throughout your years as a State Advocate Lead, you and your students have participated in AP Day on the Hill events, testified in support of AP funding or credit policies, written, or called legislators, penned op-eds, or spoken with reporters to support the AP Program. You have supported advocates throughout your state and beyond. We are thankful for the significant contributions you have made to AP students throughout the nation and therefore, moving forward we would like to formally recognize you as an AP Advocates Program ***National Advocate Lead***.

We are honored to have you as a leader among the AP Advocate community.

Thank you for everything you do for AP students.
