DuPage High School District 88
Student Supports, Resources,
and Services Information

www.dupage88.net/Supports

Dear District 88 parents/guardians and students,

Welcome to the 2023-24 school year! We are thrilled at the endless opportunities this fresh start presents to expand on the tradition of excellence our schools have built through the years. Our students continue to receive state and national recognitions in academics, athletics and extracurricular activities, and we know those accomplishments are possible because of our knowledgeable Board of Education members, caring staff members, involved parents/guardians, hardworking students and engaged community members. It takes all of us working together to build futures for our students, and we greatly appreciate your collaboration.

During the 2023-24 school year, we will remain focused on the following areas:

1. **Safety and security:** At District 88, the safety and well-being of our students and staff is our No. 1 priority. We want to assure you the security of our buildings is always at the forefront of our work. We all share the goal of making our schools safe and welcoming for students, staff and visitors, and more information about these efforts can be viewed at www.dupage88.net/Safety&Security.
2. **Mental health and social-emotional supports:** As mentioned above, the safety, well-being and health of students and staff is our No. 1 priority. We know building relationships precedes learning, and we continue to focus on connecting with all students. For students to achieve academically, we must first meet their needs outside of the classroom – including providing mental health and social-emotional assistance.

About 50 languages and more than 30 countries are represented among District 88 families, and almost half of our nearly 4,000 students speak a language other than English at home. The district's core values include ensuring all students, staff and community members feel safe, valued, respected and welcome. Read more about available mental health and social-emotional supports/services at www.dupage88.net/Supports.

3. **Priorities:**
 - a. Align our curriculum to rigorous external standards, including Advanced Placement (AP), dual-credit, concurrent college credit and career/vocational credentials.
 - b. Ensure each District 88 student is prepared for and committed to a college/career pathway.
 - c. Implement culturally responsive programs, interventions, supports and services to serve our increasingly diverse student population.
 - d. Implement procedural and operational upgrades and enhancements to improve the quality of our services.

**Read more at www.dupage88.net/Priorities2023-24.*

4. **Excellence For All Plan, which includes the topics below:**
 - a. **Systems:** To ensure a systemic and culturally responsive approach toward excellence and inclusion for all students within all policies, processes, procedures, initiatives, decision-making and fiscal responsibilities.
 - b. **Teaching & Learning:** To intentionally embed culturally responsive pedagogy in curriculum, resources, instructional approaches, use and consideration of assessments and academic programming for the purpose of advancing excellence among all students.

- c. Student Voice, Climate and Culture: To ensure a culture of inclusion and belonging, where all students feel seen, heard, valued and respected.
- d. Family and Community as Agency: To partner with families and the community for authentic opportunities to serve the students, the school and the district.

**Read more at www.dupage88.net/ExcellenceForAllPlan.*

We look forward to another tremendous school year and maintaining our open and transparent communication with all stakeholders. We encourage you to get involved and stay connected with the district, and we invite you to review the important and helpful information at the links/QR codes below.

1.00 School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child’s school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public’s health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.

3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

A person who knowingly or willfully presents to the School District any false information regarding the residency of a student for the purpose of enabling that student to attend any school in that District without the payment of a non-resident tuition charge is guilty of a Class C misdemeanor (105 ILCS 5/10-20.12b(f)).*

Student Enrollment

Transferring In:

Compliance with admission eligibility prerequisites in State law and School Board policy:

All students seeking admission shall meet all residency, age, health examination, immunization, and other eligibility prerequisites as mandated by State law and School Board policy on admissions.

Compliance with the Missing Children Records Act and Missing Children Registration Law:

The Director of School Counseling or the Assistant Principal of the school into which the student is transferring shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. If the person enrolling a student fails to comply with the above requirement, the Director of School Counseling or the Assistant Principal shall immediately notify the local law enforcement agency and shall also notify the person enrolling the student in writing that, unless he or she complies within 10 days, the matter will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, refer the case.

The Assistant Principal or designee shall immediately report to the local law enforcement authority and the Department of

State Police any affidavit explaining the inability to produce a copy of the birth certificate that appears inaccurate or suspicious in form or content.

The Assistant Principal or designee shall, within 14 days after enrolling a transfer student, request directly from the student's previous school a certified copy of the student's record.

Compliance with the Good Standing Requirement:

The parent(s)/guardian(s) of a student who is transferring from an Illinois public school shall ensure that a completed Good Standing Form from the Illinois public school from which the student is transferring arrives at the school into which the student is transferring. The Good Standing Form, ISBE Form 33-78, available at: www.isbe.net/accountability/pdf/33-78_student_transfer.pdf, indicates whether the student's medical records are current and whether the student is currently being disciplined by a suspension or expulsion.

If the student is transferring from any private school (whether located in Illinois or not) or any non-Illinois public school, the parent(s)/guardian(s) shall certify in writing that the student is not currently serving a suspension or expulsion imposed by the school from which the student is transferring.

The Assistant Principal or designee shall deny admittance to any student who was suspended or expelled for any reason from any public or private school in this or any other state until the student completes the entire term of the suspension or expulsion.

If the student is transferring from an Illinois public school, the Assistant Principal or designee shall refuse to admit the student unless the student can produce a Good Standing Form. If the student is transferring from any private school (whether located in Illinois or not) or any non-Illinois public school, the Building Principal or designee shall refuse to admit the student unless his or her parent(s)/guardian(s) certify in writing that the student is not currently serving a suspension or expulsion imposed by the school from which the student is transferring. The Superintendent or designee may, upon the request of the parent(s)/guardian(s) of a student suspended or expelled for any reason, place the student in an alternative school program established under The School Code.

Compliance with The School Code and the Illinois School Student Records Act:

The Assistant Principal or designee shall enroll a student whose former school transferred an unofficial record of grades in lieu of the student's official transcript of scholastic records. The Assistant Principal or designee shall immediately enroll a child even if the child is unable to produce records normally required for enrollment.

Compliance with laws concerning education of homeless children:

The Assistant Principal or designee shall immediately enroll a homeless child even if the child is unable to produce records normally required for enrollment.

The Assistant Principal or designee must immediately contact the school last attended by the child to obtain relevant academic and other records.

Other admission steps Assistant Principal or designee shall make the class or grade level assignment, with input from a counselor when needed, and may accept or reject the transferring school's recommendations.

When the parent(s)/guardian(s) of a student eligible for special education present an individualized education program to a new school, the student must be placed in a program in accordance with the IEP.

The Building Principal or designee shall administer to each student entering the district's schools for the first time.

Transferring Out

The parent(s)/guardian(s) of a student shall notify the Assistant Principal of their intent, pay outstanding fees or fines, sign a release form authorizing the release of student records, and return all school-owned property.

Compliance with The School Code and the Illinois School Student Records Act:

After receiving a request to transfer school student records, the Assistant Principal or designee of the transferring school must provide written notice of the nature and substance of the information to be transferred and the opportunity to inspect, copy,

and challenge the record.

The Assistant Principal or designee of the transferring school must, within 10 days of the notice of the student's transfer, forward a copy of the student's school record to the student's new school. Each school must forward written information relative to the grade levels, subjects, and record of academic grades achieved, current mathematics and language arts placement levels, health records, and a most current set of standardized test reports. However, if the student has unpaid fines or fees and is transferring to a public school located in Illinois or any other state, an unofficial record of the student's grades will be sent in lieu of the student's official transcript of scholastic records.

The Assistant Principal or designee shall, within 10 days after the student has paid all of his or her outstanding fines and fees and at the school's own expense, forward an official transcript of the scholastic records as defined in 11:20.

If within 150 days after a student leaves a school, the school has not received a request for the student's record or been presented with other documentation that the student has enrolled in another school, the student is counted in the school's and District's calculation of its annual dropout rate.

Compliance with the Missing Children Records Act and Missing Children Registration Law:

The Assistant Principal or designee of the transferring school must send the student's records within 10 days of receipt of the request unless the record has been flagged pursuant to the Missing Children's Act; if flagged, the copy shall not be forwarded and the requested school must notify the local law enforcement authority and Department of State Police of the request.

If the Department of State Police notifies a school of a current or former student's disappearance, the school must flag the student's record so that whenever information regarding the record is requested, the school can immediately report the request to the Department of State Police.

Compliance with the Good Standing Requirement:

The Assistant Principal or designee of the transferring school shall send to the school in which the student will or has enrolled a completed Good Standing Form (ISBE Form 33-78 available at: www.isbe.net/accountability/pdf/33-78_student_transfer.pdf), and, if a transferring student is currently suspended or expelled, indicate:

1. The date and duration of the suspension or expulsion, and
2. Whether the suspension or expulsion is for knowingly possessing in a school building or on school grounds a weapon as defined in the Gun Free Schools Act (20 U.S.C. §8921 et seq.), for knowingly possessing, selling, or delivering in a school building or on school grounds a controlled substance or cannabis, or for battering a staff member of the school (105 ILCS 5/2-3.13a).

Compliance with the Illinois Domestic Violence Act:

If a child transferring to another school is a "protected person" under an order of protection, the petitioner may request the Building Principal or designee to provide written notice of the order of protection, along with a certified copy of the order, to the institution to which the child is transferring.

The Assistant Principal or designee shall respond to the above request by providing, within 24 hours of the transfer, or sooner if possible, written notice of the order of protection, along with a certified copy of the order, to the institution to which the child is transferring.

1:40 Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag on their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to

the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local, or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectible, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied with Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized District employee's directive.
14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.
15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

1:50 Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact Alena Edwards, Director of Student Services, 630-782-3005.

1:60 Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1:90 Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings for any reason will be announced by 6:30 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. Closures will be posted on the District 88 website and automated calls will be made to all D88 students and staff.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions are automatically canceled.

1:100 Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1:110 Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

1:120 Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations, and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the Assistant Principal for PPS.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

1:130 Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Assistant Principal.

1:140 Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the Guidance Office.

1:180 Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Warning Signs of Child Sexual Abuse

Warning signs of child sexual abuse include the following.

Emotional signs:

- Self-harming behaviors or expressing thoughts of suicide or suicidal behavior
- Failing grades
- Drug or alcohol use

Warning Signs of Grooming Behaviors

School and District employees are expected to maintain professional and appropriate relationships with students based upon students' ages, grade levels, and developmental levels.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic

communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples of grooming behaviors include, but are not limited to, the following behaviors:

- Sexual or romantic invitations to a student
- Dating or soliciting a date from a student
- Engaging in sexualized or romantic dialog with a student
- Making sexually suggestive comments that are directed toward or with a student
- Self-disclosure or physical exposure of a sexual, romantic, or erotic nature
- Sexual, indecent, romantic, or erotic contact with a student
- Failing to respect boundaries or listening when a student says “no”
- Engaging in touching that a student or student’s parents/guardians have indicated is unwanted
- Trying to be a student’s friend rather than filling an adult role in the student’s life
- Failing to maintain age-appropriate relationships with students
- Talking with students about personal problems or relationships
- Spending time alone with a student outside of their role in the student’s life or making up excuses to be alone with a student
- Expressing unusual interest in a student’s sexual development, such as commenting on sexual characteristics or sexualizing normal behaviors
- Giving a student gifts without occasion or reason
- Spending a lot of time with a student
- Restricting a student’s access to other adults

Warning Signs of Boundary Violations

School and District employees breach employee-student boundaries when they misuse their position of power over a student in a way that compromises the student’s health, safety, or general welfare. Examples of boundary violations include:

- Favoring a certain student by inviting the student to “hang out” or by granting special privileges
- Engaging in peer-like behavior with a student
- Discussing personal issues with a student
- Meeting with a student off-campus without parent/guardian knowledge and/or permission
- Dating, requesting, or participating in a private meeting with a student (in person or virtually) outside of a professional role
- Transporting a student in a school or private vehicle without administrative authorization
- Giving gifts, money, or treats to an individual student
- Sending a student on personal errands
- Intervening in a serious student problem instead of referring the student to an appropriately trained professional
- Sexual or romantic invitations toward or from a student
- Taking and using photos/videos of students for non-educational purposes

1:185 Faith’s Law Notifications¹

Employee Conduct Standards

School districts are required to include in their student handbook the District’s Employee Code of Professional Conduct. These standards, in part, define appropriate conduct between school employees and students. A copy of these standards can be found on the District’s website or requested from the Superintendent’s office.

¹This procedure will be amended by July 1, 2023, when additional Faith’s Law requirements go into effect.

1:190 Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the District’s policy may contact the Building Principal.

Section 2: Attendance, Promotion and Graduation

2:10 Attendance

Illinois law requires that whoever has custody or control of any student through age seventeen years of age shall assure that the student attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a student who is enrolled in the school, regardless of the student’s age, shall assure that the student attends school during the entire time school is in session.

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education’s Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

“Chronic absence” means absences that total 10% or more of school days of the most recent academic school year,

including absences with and without valid cause, and out-of-school suspensions.

The School and District will use diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, their parent/guardian and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

EXCUSED ABSENCES

Visits to the doctor, dentist, court clerk, colleges/universities, military recruitment offices, internship opportunities, illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, attend a civic event¹, or other reason as approved by the building principal, etc. are excused absences and should be **prearranged**. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election. For students who are required to attend school there are two types of absences: excused and unexcused. Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. The school reserves the right to request validation of the absence by a note from the office that you are visiting on its letterhead. The school may accept parent/guardian notes excusing a student's absence for medical visits. **Prearranged** absences during exams will be granted only on the basis of a family emergency.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments

After ten (10) excused absences, the dean's office may ask for medical notification from a certified physician or court documentation in order to excuse the absence.

¹Beginning 1-1-23, any student from a public middle school or high school, subject to guidelines 2 established by ISBE, shall be permitted by a school board one school day-long excused absence per school year for the student to engage in a civic event. The school board may require that the student provide reasonable advance notice and require that the student provide appropriate documentation of participation in the civic event. "Civic event" means an event sponsored by a non-profit organization or governmental entity that is open to the public. "Civic event" includes, but is not limited to, an artistic or cultural performance or educational gathering that supports the mission of the sponsoring non-profit organization. The State Board of Education may adopt rules to further define "civic event".

STUDENT/PARENT/GUARDIAN RESPONSIBILITIES

The parent/guardian is the individual who is responsible for notifying the school when a student is absent. Failure to call will result in an unexcused absence. Calls will be made to the parent/guardian within 24 hours when a student is absent, and we have NOT received a call from the home. A letter will be sent if the parent/guardian has not been contacted.

1. When a student must be absent from school, the parent/guardian must phone the Attendance Office- (Addison Trail @ (630) 628-3333 or Willowbrook @ (630) 530-3428) by 1:00 p.m. It will be left up to the Dean's discretion whether or not a call will be accepted after 1:00 p.m. based on extenuating circumstances. It is the parent/guardian's responsibility to call the Attendance Office on the day of a student's absence.+++++

NOTE: A night recorder (Addison Trail @ (630) 628-3333, or Willowbrook @ (630) 530-3428) will be on from 3:30 p.m. until 7:00 a.m. for parent/guardians who cannot phone in the morning. Parents/Guardians must state their name, the name and year of their student, the date of absence, and a number where they can be reached after 12:00 p.m.

2. Students who have been absent should report directly to class on the first day back to school.

3. If students leave school due to illness, permission must be secured from the nurse. For anything other than illness, permission must be secured from the Dean's Office staff. If a student comes to school late, the student must report to the Attendance Office when returning to school.
4. Students who have been absent due to hospitalization, communicable disease, fracture, medical tests, or a prolonged illness, must report to the Health Services Office when returning to school. A note from a physician is required if a physical education excuse is needed for more than a few days. This is also true for students who have been on homebound.

NOTE: Students who are absent from school due to illness on the day of a play, concert, athletic contest, or other comparable activity cannot participate in that activity.

NOTE: Students who are absent due to disciplinary suspension may not participate in or attend any school activity on the day or during the suspension.

NOTE: Partial day absences will be handled on an individual basis by the Deans' Office.

NOTE: There are no school-sanctioned senior trips nor do we condone any senior ditch days. Senior ditch days are considered unexcused absences.

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

PREARRANGED EMERGENCY ABSENCES

For absences of less than one school day (dental or doctor appointment or court appearance), bring a parent/guardian note to the Attendance Office prior to the day of absence or call the Attendance Office the morning of the absence.

For prearranged absences of one or more school days: (college visits, etc.)

1. Obtain a Prearranged Absence Form from the School Counseling Office prior to the absence.
2. Return a signed prearranged form to the School Counseling Office prior to the absence.

MAKE-UP WORK

1. Student make-up work is required.
2. A student is allowed three days for each day of absence to make up work.
3. The day a student returns from an absence, it is the **student's responsibility** to arrange for make-up work.
4. Make-up work should be done outside the student's class period.
5. Late bus service is provided. See section 4:10 for the late bus schedule for each building. Early bus service is provided for students needing to arrive on campus for "zero" hour. Students arriving on campus early must remain in supervised areas or make arrangements with their teachers.
6. **In case of truancy, make-up work is still required, though the grading and credit granted will follow the PLC guidelines for equitable grading expectations.**
7. In case of "out of school" suspension students are allowed the opportunity to make up missed work. **Assignments are held in the School Counseling office and arrangements can be made for pick up with the School Counseling secretaries.** Students may also access Google classroom for assignments.

HOMEBOUND/HOSPITAL INSTRUCTION

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed

advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child’s birth or a miscarriage.

For information on home or hospital instruction, contact the School Counseling Office.

ATTENDANCE AND TARDY PROCEDURES			
The following steps on our intervention continuum will be considered to assist students and families with the responsibility of school attendance for both single period and multiple period unexcused absences:			
Intervention 1	Intervention 2	Intervention 3	Intervention 4
<ul style="list-style-type: none"> ● Restorative Conversation ● Parent/Guardian contact by the teacher ● Automated phone call, up to twice per day 	<ul style="list-style-type: none"> ● Intervention 1 ● Dean conference with parent/guardian ● Dean/Teacher/Student restorative plan ● ATR/WT intervention 	<ul style="list-style-type: none"> ● Intervention 1 and 2 ● Attendance contract ● Parent/Guardian Meeting ● PPS Supports 	<ul style="list-style-type: none"> ● Interventions 1-3 ● Attendance review and update improvement plan

Single Period and Multiple Period Unexcused Absence

Intervention 1:

The parent/guardian and student will be contacted regarding the first single period unexcused absence with a phone call by that period’s teacher. The parent/guardian will also be informed of the unexcused absence by an automated phone call that will go out twice daily. A disciplinary consequence may occur in addition to intervention. ***Consequence--Meeting, Student Conference, Warning***

Intervention 2:

The Deans’ Office will conduct a parent/guardian conference via phone and with students for the second single period unexcused absence to discuss the problem and to outline future interventions if the pattern continues. parent/guardian will also be contacted of unexcused absence(s) by an automated phone call that will go out twice daily. A disciplinary consequence will occur in addition to intervention. ***Consequence: Lunch Detention, Extended Detention***

Intervention 3:

The Deans’ Office will conduct parent/guardian conference via phone and with students for the third single period unexcused absences to discuss the problem and to outline future interventions if pattern continues. parent/guardian will also be contacted about the unexcused absence(s) by an automated phone call that will go out twice daily. A disciplinary consequence will occur in addition to intervention. ***Consequence/Interventions: Attendance Contract, Parent/Guardian Meeting, Student Conference, Extended Detention, Lunch Detention, and Pupil Personnel Services Team Discretion on additional Supports***

Intervention 4:

A student-parent/guardian conference will be called by a PPS team member for the fourth single-period unexcused absence. parent/guardian will also be contacted about the unexcused absence(s) by an automated phone call that will go out twice daily. The purpose of this conference will be to review the attendance of the student and the interventions to date and to listen to student and parent/guardian concerns. Teachers will be invited to participate in the conference and/or send documentation about the student’s attendance and performance. A plan will be developed and agreed upon by conference participants for future interventions if the pattern of attendance continues. Those interventions could include loss of school privileges, detentions, learning plans, withdrawal from class with an “F” and placed in a study hall, or other agreed-upon interventions. A summary of this conference will be given to the parent/guardian. A disciplinary consequence will occur in addition to intervention. ***Consequence/Interventions: In-School Intervention with additional Interventions, and Pupil Personnel Services Team Discretion on additional Supports***

Excused Absence

Intervention 1:

Students who accrue 10 days of excused absences in a semester will be sent a letter from the Attendance/Deans' Office and/or be placed on a contract. This letter/contract will remind them that school attendance is important and that there may need to be a meeting to discuss the absences. Classroom teachers are asked to monitor student attendance patterns and contact the student's dean when the student reaches 10 excused absences.

Intervention 2:

Students who accrue 15 days of excused absence in a semester will be required to attend a meeting with PPS Team members and the parent/guardian to discuss the absences. Classroom teachers are asked to monitor student attendance patterns and contact the student's counselor when the student reaches 15 excused absences.

The Attendance or Dean's office may periodically call a student's listed home to verify addresses or contact information, to verify called-in absences or to report unaccounted absences. The District is not required to contact any student's home on a daily basis. The District is not required to contact a student's home on account of any excused or unexcused absence. The District shall not be responsible for any losses, injuries or damages because of its failure to contact a student's home to verify address or contact information, verify an authorized absence or report an unaccounted absence.

2:60, 2:70 Grading and Promotion

The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, performance based upon the SAT Examination, or other testing. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system

Should a grade change be made, the administrator making the change must sign the changed record.

Students are assigned to grade level based on credit completion.

- Grade 9 – 0-10 credits and year 1
- Grade 10 – 11-21 credits and year 2 or higher
- Grade 11 – 22-32 credits and year 3 or higher
- Grade 12 – year 4 or higher and completion of required state assessments if applicable.
- Students will be promoted each semester (June, August, January) based on credit completion.

Homework is a necessary part of the District's instructional program. Homework is assigned to further a student's educational development and is an application or adaptation of a classroom experience. The Superintendent shall provide guidance to ensure that homework:

1. Is used to reinforce and apply previously covered concepts, principles, and skills;

2. Is not assigned for disciplinary purposes;
3. Serves as a communication link between the school and parents/guardians;
4. Encourages independent thought, self-direction, and self-discipline; and
5. Is of appropriate frequency and length, and does not become excessive, according to the teacher's best professional judgment.
6. Shall not exceed 10% of student's overall grade.

Report cards are mailed home two (2) times per year as grades are given at the end of each semester. These semester grades are the only grades that count toward graduation credit. Grade Point Average, class rank, and the semester grades are recorded on transcripts.

Grades are defined as follows:

- | | |
|---|-----------------------------|
| A - Superior | M – Medical* |
| B - Above Average | N - No Credit Received* |
| C - Average | I - Incomplete* |
| D - Just Passing | P - Passing |
| E – Effort grade (admin. approval required) | W - Withdrawn* |
| F - Not Passing* | U - Unsatisfactory* |
| S - Satisfactory | *No credit for these grades |

Incomplete grades: If a student does not finish the course work within four weeks of the next school term, including summer school, the grade BECOMES AN “F”. It is the student’s responsibility to contact the teacher to make arrangements for make-up work.

Note: Student Initiated Withdrawal after ten school days of a semester will result in a **grade of “F”**.

***Tentative Report Card Dates:** January 16, 2024 and May 28, 2024

GRADE WEIGHTING SYSTEM

A system of weighted grades has been developed to reward students who take more challenging classes. Class rank is used primarily for college admission.

Thus, a student who enrolls in four high-weighted courses and receives one A, two B’s, and one C at the end of the semester will have a 4.00 grade point average. This would give a student in the weighted courses a higher class rank and a better chance for college admission.

GRADE	A	B	C	D	E	F
High weighted course	5 points	4 points	3 points	2 points	0 points	0 points
Regular course	4 points	3 points	2 points	1 point	0 points	0 points

The class rank for all students is determined by multiplying a student's grade point average by the total number of honor points a student has earned. This rank credit score will be the schools basis for ranking students by class from highest class rank score to the lowest. The system was developed to encourage students to maximize their education by taking high weighted courses (when appropriate) while the student maintains a full schedule of courses each semester.

Class Rank is calculated at the end of each semester (June, August, and January) based on current grade level.

The Distinction Honor Roll requires a grade point average of at least 3.5 for the marking period and all grades must be an A, B, or C. The Merit Honor Roll requires an average of 3.0 to 3.49. The Merit Honor Roll allows grades of A, B, C, & D, but not F's or Incompletes. No student with the grade of I is given honor roll status until the work is completed. Sophomores, juniors and seniors may be elected to the National Honor Society on the basis of scholarship, leadership, service and character. The entire faculty is involved in the selection process.

All students must be enrolled in a minimum of four classes to be considered for the honor roll.

Progress Reports

Student progress will be reported to parents via the online portal for PowerSchool. Student progress information from PowerSchool can be accessed from the Parent link on the school district website (www.dupage88.net). Parents are encouraged to enroll in PowerSchool and access the student information from home or community computers. If you do not currently have a PowerSchool account, you will receive access and account setup information early in September. Power School logins can also be obtained from your child's counselor. The first scheduled date for grades to be updated is Tuesday, September 5, 2023. Teachers will post updated progress on PowerSchool on a regular basis. Please understand that staff will be unable to respond if you over-use the system or phone frequently regarding student progress. Teachers need time to plan, meet with staff and students, and review papers. Your understanding and knowledge that we will communicate often through PowerSchool will assist our staff in doing the best job of working with you on student progress.

Tentative Progress Report Dates: September 25, 2023, November 6, 2023, February 12, 2024, April 15, 2024

Other resources include newspapers, historical primary sources, college and career materials, textbooks and CDs. The District Library Media Center Director and library paraprofessionals are available to assist students with any research, reading or technological needs.

The ACHIEVE Program - ALOP funded programming

The Achieve Program is an Alternative Learning Opportunities Program open to regular education as well as special education students. ACHIEVE offers a range of supports and services for students that are behind on credit, academic, or behavioral skills. The highly structured environment offers skill development in educational, social-emotional and transitional skills. Many of the courses offered will be co-taught with regular education and special education staff to meet the needs of all students regardless of eligibility.

A primary focus of the program is helping each student accept responsibility for his/her own academic progress and behavioral choices in the school setting. This will be accomplished in the context of a highly structured classroom environment which offers clear expectations, consistency and supportive therapeutic component. Each student’s choices will be reinforced through direct and immediate feedback throughout the day, as well as group and or individual counseling as needed. By fostering a supportive relationship with each student, we will work together with that student to achieve the following goals: 1) development of appropriate problem-solving skills, 2) development of appropriate interpersonal skills, 3) increased school success, 4) development of a vocational plan, including goals to be accomplished in the high school program, as well as long-range goals for work and/or education and ultimately, 5) high school graduation

For more information regarding the ACHIEVE program please contact the Assistant Principals at AT or WB.

Section 3: Student Fees and Meals

3:10 Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Students will not be denied due to the inability of their parent/ guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs; or
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line; or
3. The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the Assistant Principal at AT or WB.

Textbook Loans/Reduced Fees – loans are available for textbooks/fees at Addison Trail High School and Willowbrook High School. Textbooks and fees may be charged to VISA or MasterCard. Free or reduced fees are available for students from families whose income is below specified levels. Please direct inquiries to the Assistant Principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

3:20 School Lunch Program

District 88 serves nutritious meals every school day. Children from families whose income is below specified levels are eligible for free or reduced prices for meals and milk. If you are interested in applying please visit the Financial Office at Addison Trail or Willowbrook.

In certain cases, foster children are also eligible for these benefits. If you have foster children living with you and wish to apply for such meals and milk for them, please notify us or indicate it on the application.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color or national origin.

Section 4: Transportation and Parking

4:10 Transportation

District 88 transports, to and from school, any student in good standing who lives within the District and lives more than one and one-half miles from the school. Students who live less than one and one-half miles from the school may request to ride a school bus, provided they walk to an existing bus stop and space is available after accommodating students residing more than one and one-half miles from school. Information regarding this program is available in the financial office of the high school. Students are required to be at their bus stop at least 5 minutes prior to their designated time and remain there at least 5 minutes after their designated time. This service is operated under a plan whereby a share of the cost is defrayed by the State of Illinois. The regulations controlling this service originated in the State Department of Education. Students and parents are requested to cooperate to the fullest extent for continued service.

A student who qualifies for transportation has a specially marked I.D. which is his/her permit to ride the assigned bus. A student is responsible for the proper use, safekeeping, and careful accounting of his/her I.D. Since the school bus is an extension of the school, all school rules apply while a student is on the bus. A student must show the bus driver his/her I.D. each time they get on a bus. Drivers have been instructed not to allow a student on the bus unless he/she has his/her bus pass.

My Stop App Features-New for 2022-2023

DuPage High School District 88 buses are equipped with a new GPS tracking system. **Versatrans Mystop** is a free, secure, web-based application. This new system will allow parents, guardians, staff and students the ability to view and track student bus information in real time for estimated arrivals at the student's bus stop. This app can be accessed using a smartphone, tablet or computer.

Information for your child's bus route is available beginning approximately 15 minutes prior to the start of the route. The most accurate data will be available within 10 minutes of your child's scheduled pick-up or drop-off time. If the application states, "Bus is not active" or "Bus is not running the scheduled route," it does not mean there is a problem with the bus. Our buses run multiple routes each morning and afternoon. These messages are displayed when a bus is running a different route, or is between routes.

NOTE: Questions pertaining to the buses should be directed to the Addison Trail Financial Secretary, TBD at (630) 628-3310 and the Willowbrook Financial Secretary, Erika Delgado at (630) 530-3445.

LATE BUS DEPARTURE	LATE	LATE-LATE
Monday through Thursday	4:30 p.m.	6:00 p.m.
Friday	4:30 p.m.	5:30 p.m.

Bus Conduct Policy

All students must follow the District's School Bus Safety Guidelines. Rules of behavior for school also apply to bus riders. Grounds for suspension from riding the bus include:

1. Breaking rules listed in the student disciplinary handbook;
2. Willful injury or threat of injury to a bus driver or another rider;
3. Defacement of the bus;
4. Use of profanity;
5. Repeatedly ignoring the directives of the bus driver or other supervisor;
6. Any other behavior that the administration deems to be unsafe or threatening.

Use of Video Cameras on School Buses

Video cameras may be used on school buses as necessary in order to monitor conduct and maintain a safe environment for students and employees.

The content of the videotapes are student records and are subject to District policy and procedure concerning student records. Only those people with a legitimate educational or administrative purpose may view the videotapes. If the content of the videotape becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

Discipline Procedure

The District's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus. Student misbehavior may also result in suspension and/or expulsion from school, as well as referral to law enforcement authorities. A student who is suspended from riding the school bus who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

4:20 Student Parking and Driving

Student parking at school is a privilege granted by the school. Parking permits (\$175.00 each) are issued to juniors and seniors who submit a completed parent request form available in the Dean's Office (WB)/Bookstore (AT). Parking permits may be issued to second-semester sophomores with Dean's (WB)/Police Liaison (AT) approval. Students with problems passing classes, with attendance, or with school behavior are subject to the loss of this driving privilege. Permits remain valid for the duration of the school year as long as the holder follows all parking rules and regulations, maintains regular attendance, follows the rules of the school, and is making academic progress.

- Only students with an authorized parking permit are given permission to drive to school.
- School officials maintain the right to search vehicles in the parking lot.
- All automobiles must be registered with the school, and the parking sticker must be affixed to the LOWER RIGHT-HAND corner of the windshield according to directions. Motorcycles and similar vehicles will display parking stickers prominently on the gas tank.
- Students may not use their motor vehicles to leave campus during their regularly scheduled school day without permission from the Dean.
- All automobiles should be kept locked when parked at school.
- Students are not to loiter in the parking lot.
- Sitting in automobiles, driving around the campus while waiting for someone, or PERMITTING OTHERS TO USE ONE'S MOTOR VEHICLE ARE VIOLATIONS OF SCHOOL POLICY.
- Motorcycles and similar motorized vehicles must be parked only in the designated area of the south parking lot.
- Operators of motorcycles and similar motor vehicles must not carry passengers, engage in any form of reckless driving or use their cycles in such fashion as to interfere with the flow of vehicular or pedestrian traffic. Good driving practices and responsible behavior are expected of students at all times.
- All students are to park in the student parking lot only. The drive in front of the school is reserved for buses.

A statement concerning rules and regulations to maintain the privilege to drive will be available at registration. If a student does not understand any of the statements, he or she should ask for clarification from the Deans. Violation of any one of the following conditions may result in the cancellation of a driver's parking permit. Motor scooters and other unlicensed vehicles may not be driven to school.

NOTE: If you have an emergency and have to drive a different car to school, please notify the Deans' Office when you arrive.

Vehicles parked in the lot without a parking sticker are subject to tow at the owner's expense. Complete rules and regulations, as well as applications, are available in the Dean's Office. DuPage High School District 88 is not responsible for any property damage, theft, or personal injury arising from any vehicle being driven onto or parked on School District grounds. All vehicles parked on School District grounds are subject to search.

DRIVER EDUCATION REQUIREMENT

The following procedures will be followed regarding the qualification for scheduling of students for driver's training:

Students must have at least eight (8) credits over their past two (2) semesters and be 15 years of age to be eligible for driver's education. Credit status will be evaluated each semester until the student earns eight (8) credits. At that time, the student will become eligible to be placed in a driver education class. Students will be scheduled into a physical education

class appropriate to the number of years they have been in high school in lieu of driver's education until they reach eight (8) credits over their past 2 semesters.

Section 5: Health and Safety

5:10 Health Services and Immunizations

The goal of health service is to assist the student to maintain his or her optimum health in order to learn. We work with the families, doctors, and teachers to keep the students in class as much as possible.

State law requires that all freshmen must obtain a physical examination and immunizations prior to entrance into the ninth grade. Parents objecting to immunizations on religious grounds shall present a signed statement of such objections to the school health services. A student not in compliance with the required immunizations will be excluded from school. Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required).

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Emergency first aid is provided for all students. Students seeking a medical diagnosis should contact their family doctor. Nurses do not diagnose.

If a student is ill in the morning she/he should check with parents rather than come to school for the nurse to send home. (Unless specifically requested by the Deans).

Students with a rash will be sent home for evaluation by a medical doctor.

Students requesting exclusion from PE or change to Adaptive PE will submit a doctor's statement to Health Service.

Elevator keys when needed are supplied by the Health Office.

Physical forms and medication forms will be sent to incoming freshmen during the spring semester of their eighth grade. All incoming freshmen are required by law and the Illinois School Code to have a new physical upon entering ninth grade. Packets are available from the Health Office through the school year or Guidance Office during the summer.

Some students will be given a vision and hearing screening during high school. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months.

Reporting Procedures:

1. Absent from school 3 or more consecutive school days: A student absent from school for three or more consecutive school days due to illness must report to Health Service to obtain a Health Service Admit before returning to classes.
2. Leaving school ill: Students who wish to be excused from school for illness are to report to the Health Office with their passes. Student will call home from the Health Office and the nurse will obtain permission from parent or guardian for student to leave school.
3. Late to school due to illness: If a student comes to school late, due to illness, he/she must report to the Health Service Office.
4. Exclusion from physical education/Adaptive Physical Education: A student requesting to be excluded from physical education or requesting to be placed into adaptive physical education shall submit a doctor's statement to the Health Service.
5. Excessive absences: If a student is excessively absent the school may require an additional physical examination to be filed with the Health Service.

Medication Required During the School Day:

Students requiring medication during the school day must follow the guidelines presented below. No medication is given without authorization from the student's physician, physician assistant, or advanced practice registered nurse ("licensed health care provider"). This includes prescription and over-the-counter medication. All attempts should be made to schedule medication administrations outside school hours. All medication left in the health office at the end of the school year will be discarded.

1. The student's parent or guardian shall provide to the school nurse a written request authorizing the administration of prescription or non-prescription medication at school. The request shall include the parent's or guardian's name and phone number in case of an emergency.
2. The student's licensed health care provider shall provide written orders for medication administered in school. This order shall contain; student's name, the date, name of medication, dosage, administration time and route, and the provider's signature. The licensed health care provider must also provide a diagnosis of the condition for which the medication is to be given, side effects he/she is concerned about, and phone number where he/she can be reached.
3. Medication authorizations and orders must be renewed annually. Changes in any medication will be made only upon the written order of a licensed health care provider and written request of the parent or guardian.
4. All medication shall be brought to the school in the original container properly labeled by the pharmacy or licensed health care provider.
5. The school nurse shall maintain a written record of all medication administered.
6. The school will provide a locked space for the safe storage of all medication. Only authorized personnel will have access to the cabinet.
7. Students will be responsible for removing from the school any unused medication which was prescribed. If medication is not picked up, the school nurse will dispose of the medication, and document that medications were discarded. Medication will be discarded in the presence of a witness.
8. A student may possess asthma inhaler, and/or medication prescribed for asthma for immediate use at the student's

discretion, provided the student's parent/guardian and the student's health care provider have completed and signed a "School Medication Authorization Form". If the student's licensed health care provider does not complete and sign the "School Medication Authorization Form", the parent/guardian must also provide the prescription label containing the name of the asthma inhaler and/or medication, prescribed dosage, and the time at which or circumstances under which the asthma inhaler and/or medication is to be administered. A student may possess an epinephrine auto-injector (EpiPen®) for immediate use by the student, provided the student's parent/guardian and the student's health care provider have completed and signed a "School Medication Authorization Form". If the student's licensed health care provider does not complete and sign the "School Medication Authorization Form", the parent/guardian must also provide a written authorization from the student's health care provider for the use of an epinephrine auto-injector, and a written statement from the student's health care provider containing the name and purpose of the epinephrine auto-injector, prescribed dosage, and the time or times at which or the special circumstances under which the epinephrine auto-injector is to be administered.

The parents must also sign a document acknowledging that, except for willful and wanton conduct, school district personnel incur no liability and that the parents will release, save, defend, indemnify and hold harmless the school district, its school nurse, employees, and agents (including any and all physicians providing standing protocols or prescriptions to the District for epinephrine auto-injectors standing protocols for the use of epinephrine auto-injectors, or standing protocols for response to anaphylactic reaction), from any injury arising from the self-administration of the medication, administration of an epinephrine auto-injector by the school nurse when he/she in good faith professionally believes that a student is having an anaphylactic reaction, or use of an epinephrine auto-injector. 105 ILCS 5/22-30.

9. The school district may maintain at a school in a locked, secure location a supply of epinephrine auto-injectors pursuant to a physician prescription in the name of the school district, to be maintained for use when necessary. The school district supply of epinephrine auto-injectors may be provided to and utilized by any student authorized to self-administer that meets the prescription on file or by any personnel authorized under a student's Individual Health Care Action Plan, Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form, or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 to administer an epinephrine auto-injector to the student, that meets the prescription on file. When a student does not have an epinephrine auto-injector or a prescription for an epinephrine auto-injector on file, the school nurse may utilize the school district supply of epinephrine auto-injectors to respond to anaphylactic reaction, under a standing protocol from a physician licensed to practice medicine in all its branches.

No medication will be given by school personnel unless these guidelines are followed. The school district retains discretion to reject requests for administration of medication subject to the requirements of the Individuals with Disabilities Education Act.

Students with Asthma:

As of January 2017, Illinois State law (PA 99-0843) requires that an Asthma Action Plan be requested from parents of children with asthma. An Asthma Action Plan is a written plan developed by the child's physician indicating how to treat and control their asthma symptoms during the school day. The Asthma Action Plan is submitted to the Health Office at the beginning of each school year. The plan must be renewed each school year or when updated by physician, or as requested by the school nurse.

Designated Caregiver Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis-infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form – Medical Cannabis*.

Medical cannabis-infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

5:30 School Counseling

The School Counseling Department, and more particularly, your student’s counselor, will provide a comprehensive school counseling program that is developed, delivered, and maintained to promote student achievement in academic, career, and personal and social domains during the four years of highschool. 5:40 Safety and Drill Procedures

The care and safety of students is a top priority for the District 88 Board of Education, administration and staff. Many strategies have been put in place to ensure a positive learning environment and student safety at all times. District and building administrators have worked closely with national experts and local law enforcement officials to maximize safety, security, and response during a crisis.

As parents and guardians, you can encourage your student(s) to work with school officials to share any information that contributes to creating a positive learning environment and may help prevent a crisis situation. A Hotline at Addison Trail and Willowbrook is available to anonymously share concerns or information.

Addison Trail and Willowbrook administrators will communicate with parents and students during the year the numerous safety and security strategies that are in place and constantly changing to include the best practices for school safety.

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill to address an active shooter incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

TORNADO – When an administrator announces that a tornado is in the vicinity, teachers and students should move to the designated lower floor and stay near an interior wall. The most important thing is to stay away from all forms of glass.

EMERGENCY CLOSING DAYS – When emergency conditions are so severe that Addison Trail and Willowbrook High School will close, an Alert Now computer phone system will call each home. Listen for the announcement on WGN Radio 720-AM or WBBM Radio 780-AM for the statement that Addison Trail High School and Willowbrook High School or DuPage High School District 88 will be closed that day. Watch CBS Ch.2, NBC Ch. 5, ABC Ch. 7, FOX 32, WGN-TV or CLTV cable for closing information. **The name of our school district is DuPage High School District 88.**

District 88 has a Crisis Intervention Team (C.I.T.) at each school. These individuals have been trained in implementing the Crisis Intervention Program of the school. In the instance of administrative knowledge of either a student's death or serious injury, CIT members will be assigned to various strategically located sites within the building to assist students in various ways and to recommend other professional services as deemed appropriate. Additional information can be obtained from the Assistant Principal in each building. District 88's Guidance offices have a handbook listing community resources that is available upon inquiry.

Students, parents, or guardians in need of help in handling difficult problems/situations are offered the following recommendations:

1. Crisis Unit, DuPage County Health Department, (630) 627-1700
2. DuPage County Health Department, Satellite Center, 1111 E. Jackson, Lombard, (630) 620-3350

Section 6: Discipline and Conduct

6:20 Student Appearance

Students are encouraged to dress in a manner that reflects their individuality and self-expression, but which is also appropriate in an educational setting. The primary purpose of the school is education and matters of personal appearance must be appropriate to the situation. This is a joint responsibility of the student and the student's parent/guardian(s) or guardian(s). The District 88 dress code will be implemented in a way that ensures equitable access and avoids the marginalization of any student based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size.

The responsibility for implementing the rules and regulations which the Board of Education expects every student to observe is delegated to the principal who has the authority to make decisions regarding the appropriateness of student dress, and to take corrective and/or disciplinary action as necessary.

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

Students will wear clothing covering specific body parts, such as their genitals, buttocks, breasts, and nipples with opaque fabric appropriate for weather and class activities.

Students may also wear the following headwear/coverings:

- Caps/Hats - Must be worn straight forward or straight backwards and must allow the face and eyes to be visible to staff.
- Religious/Cultural Headwear - Including but not limited to headscarves, hijabs, burkas, do-rags, and bandanas.
- Hooded clothing - Wearing the hood overhead is allowed, with the face and ears visible to the school staff.

Students may not wear clothing/accessories/masks that:

- Displays underwear;
- Displays bras, excluding the strap unless it is designed to do so;
- Depicts or refers to alcohol, drugs, tobacco, gang/cult, or obscenities;
- Promote acts of violence, self-destruction, and sexual or promiscuous behavior; and
- Contains or references vulgar language or contributes to the creation of a hostile, offensive, or intimidating environment based on race, color, religion, national origin, age, disability, gender, or sexual orientation.

No list of dress and appearance guidelines for students can be written that will anticipate all potential dress and appearance extremes. In the case of questionable dress or appearance that is not specifically covered in the list above, the administration will make the final decision. Appropriate action will be taken at that time, and when necessary, contact will be made seeking parent/guardian cooperation and assistance. The intention of this policy is not to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, or do not advocate violence or harassment against others.

UNIFORM MODESTY

District 88 supports students to modify his or her athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of his or her religion or his or her cultural values or modesty preferences. A student is not required to receive the prior approval of the school board for such modification.

COSTUMES

Wearing costumes during the school day or at school sponsored events must have prior approval from the building Principal and will adhere to the dress code.

Students and visitors may be provided and/or asked to wear a mask, over the mouth and nose, in the event certain health mitigations are necessary.

6:30 –Prohibited Student Conduct

The Board of Education believes that every student, who has a sincere desire to remain in school, to be diligent in study, and to profit from the educational experiences offered, will have the opportunity for educational success. It is expected that each student will comply with the established, well-defined school rules and regulations. Moreover, students are prohibited from engaging in conduct that, in any way, disrupts the educational process or infringes upon the rights of others. The policy sets forth states in brief form examples of prohibited behavior and the usual disciplinary action that will be taken. However, the Administration and the Board will review the individual circumstances of any misconduct. Any gross disobedience/misconduct, as determined by the Administration and the Board, may result in suspension and may be grounds for expulsion, definition to follow. For gross misconduct, the Board of Education has the authority to expel a student for up to two calendar years from the date of the Board approval of the expulsion. If a student violates a law, the police department will be notified of the illegal action. Additionally, the District will report any incidents involving drugs, weapons, or battery to staff to the Illinois State Police via the School Incident Reporting System. Any incident posing a “clear and present danger” will be reported to the Illinois State Police as part of the “School Administrator Reporting of Mental Health Clear and Present Danger Determinations Law”.

Attendance and behavior problems may result in loss of driving privileges, attendance at prom, and other activities, including the exclusion from the graduation ceremony. If a student does not conduct himself or herself according to the school rules and regulations, disciplinary action, other than corporal punishment, will be taken. It must be remembered that the teacher has the right and responsibility to maintain order in the classroom, even if it means physical restraint to ensure the safety of the class. In addition, in the event of a disciplinary related incident, due process will be exercised. ‘Due process’ will be followed in all disciplinary related cases. Behavior violations that take place out of school can be subject to school consequences if the incident can be tied to a potential school disruption. Any student who aids or abets another student in the commission of a crime or violation of a school rule will be issued consequences accordingly.

Note: There may be a sequence of consequences for each behavior incident. Pupil personnel teams who could recommend other interventions or special education screening continually monitor student behaviors and academic performances.

- Disciplinary probation may occur when a student has repeated incidents of misbehavior, including repeated refusal to comply with school rules that lead to four significant (3 days or more) suspensions or 15 days of suspension in a school year. This recommendation would come from the Principal after a meeting conducted by the Student Support Team (SST). This committee includes, but is not limited to, the Assistant Principal, Director of Deans, Director of School Counseling, appropriate School Counseling counselor, psychologist, social worker, Department Chair of Special Education parent/guardian and student. The disciplinary plan would be agreed upon and signed by the student, parent/guardian, and the Director of Deans. - In the event that the administration determines that a student is in danger of harming himself/herself or others a safety evaluation conducted by a licensed medical professional authorized by the district may be required before student re-entry into school.

Disciplinary Measures

District 88 is committed to the use of Positive Behavior Interventions and Supports as well as Restorative Practices and Restorative Justice processes in the implementation of school discipline policies. District 88 will provide students with Due Process in all matters related to suspensions and expulsions. School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures may include, without limitation, any of the following measures:

1. Warnings/Behavioral Interventions are issued by Teachers and Deans.
2. Loss of Option privileges are issued by Deans.
3. Detentions are issued by Deans and are tracked and accumulated per semester. Teachers may also issue their own detentions.
4. Social Suspension/Probations – Students may be placed on Social Suspension/Probation for certain violations of the Prohibited Code of Conduct,. Social Suspension/Probation includes the loss of the privilege to attend after school, extra-curricular events including but not limited to athletic events, music and drama performances and all school dances.
5. Restorative Conferences – Students may participate in the restorative process with staff.
6. In-School Interventions – Students may be assigned to the In-School Intervention for certain violations.
7. Out of School Suspensions are issued by Deans and Assistant Principals and are subject to due process procedures.
8. Referral to the School Resource Officer (SRO).
9. Referral to Community Mental Health Partnership Program, Rebound, or Partners for Success
10. Expulsion from school up to the maximum allowable semesters established by state law is recommended by the Administration and acted upon by the Board of Education. This is the most serious consequence and is subject to due process procedures.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. **For the following list of behaviors listed below, potential disciplinary measures could include any of the 10 potential disciplinary measures listed above based on the severity and frequency of the incident based on the discretion of the school officials.**

²Reduction of Suspension days. In order to provide a positive alternative for suspension due to drug, alcohol, aggression, smoking violation, gang activities, or any behavior identified by the Deans as appropriate for intervention, Addison Trail High School and Willowbrook High School, in conjunction with appropriate professional personnel, have developed educational programs for parent/guardians and students. These programs focus on assessment and education. These are not treatment programs; rather, they are designed to be positive alternatives to students missing educational opportunities. The school views these programs as a positive alternative to students missing educational opportunities. Additional information about these programs may be obtained in the Deans' Office. (The cost of these programs is the family's responsibility)

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. The use of prone restraint is prohibited.

SUSPENSION:

Suspension is the exclusion of a student from school for a period of one to ten days. Suspended students may not participate in any extracurricular activities, practices, etc., during the suspension. Suspended students may not be on school grounds and are subject to more severe penalties if this is violated. Students are entitled to make up missed work at a time convenient for the teacher. Students must initiate the request to make up work and ensure the work is completed. Student and parent/guardian may be requested to meet with a dean prior to re-entry upon the completion of a suspension.

IN-SCHOOL INTERVENTION: The Addison Trail and Willowbrook In-School Intervention Program (ISI) serve as alternative programs to "out of school" suspensions. Students assigned to in-school intervention will spend the school day in the intervention room working on missed assignments and engaging in behavior improvement activities. Any questions regarding the ISI should be directed to the Assistant Principal.

RE-ENGAGEMENT OF RETURNING STUDENTS: The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion, or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make up missed work for equivalent academic credit.

ACADEMIC HONESTY: A student violating academic honesty, as defined by the instructor, will receive a grade of "0" for the assignment/test/project/paper. Students will not be allowed to make up this work for a higher grade. Teachers are to make a telephone contact to parent/guardians, document in Powerschool, and complete a Dean's referral for recordkeeping purposes. If a parent/guardian cannot be reached by telephone, a written communication will be made either by email or by mail. Additional violations will result in a parent/guardian conference and possibly further disciplinary action.

CONTROLLED SUBSTANCE – BEING UNDER THE INFLUENCE – In the event that school personnel has reasonable suspicion that a student may be under the influence of a controlled substance, the school has the right to suspend the student. parent/guardians may challenge the suspension with drug screening results obtained the same day (or at a time determined by the administration) from a legitimate institution at the parent/guardian's expense.

SUPERVISION AFTER SCHOOL – Each day, 20 minutes after the end of the school day, all students who are not under the direct supervision of a staff member will be asked to leave the school property. Students unable to leave the school property will be escorted to a supervised area of the building.

CELLULAR PHONE AND ELECTRONIC DEVICES: Students are permitted to use cellular telephones before and after the school day only unless otherwise authorized by the school administration, provided that it is not disruptive to school activities or events. Students will utilize technology to enhance instruction. Any device with photo capability is not permitted in bathrooms or locker rooms at any time.

The School District is not responsible for the loss or theft of any personal property or device regardless of whether use of the property or device has been authorized. Prohibited devices left unattended on school property are subject to confiscation by the District.

The District is not responsible for any confiscated or surrendered device. Confiscated or surrendered devices shall be returned to the parent/guardian or guardian of a student upon request.

VIDEO SURVEILLANCE: To assist in maintaining security and to deter inappropriate conduct, DuPage High School District 88 may position video cameras and/or monitors in public areas of school property, such as in the hallways, stairwells, the gymnasium, cafeteria, school buses, and exterior locations of school buildings. Appropriate disciplinary action may be taken for misconduct, which is recorded or observed from the camera.

Student IDs: Students are issued identification cards each year for a fee of \$3.00. The purpose of the card is to assist in the proper control of visitors to the building and the lending of library books and various kinds of school property. **ALL STUDENTS ARE REQUIRED TO PRODUCE THE I.D. CARD WHEN ASKED TO DO SO BY ANY STAFF MEMBER.** Students who lose cards should report to the Deans' Office to have new ones made. The replacement fee is \$3.00.

Application of School Rules

The right to attend school is not absolute. The right of one person to attend school must not place in jeopardy the opportunity of others to profit from school. **The policies and procedures of DuPage High School District 88 ensure that there will be no discrimination on the basis of sex, race, religious preference, or other legally protected characteristics. Questions concerning this policy may be referred to Alena Edwards, Director of Student Services.**

Parent/guardians having a concern/complaint involving a member of the professional staff should first discuss the matter with the person or persons directly involved. If the concern is not resolved satisfactorily, subsequent conferences may be held in the following order:

1. A conference including the department chairperson with the parties involved.
2. A conference including the responsible administrator and the parties involved.
3. A conference including the principal and the parties involved.

It is expected that these conferences will be held in person.

DUE PROCESS

A person who alleges that a Policy or procedure (*including suspension from school*) has been wrongfully applied or has resulted in the unfair and/or inequitable treatment of a student may submit such allegation, in writing, within ten (10) calendar days of the event giving rise to the allegation.

PROCEDURES:

1. The allegation shall be submitted to the Assistant Principal in writing.
2. The Assistant Principal shall schedule an administrative review conference with the grievant within five (5) school days of the receipt of the appeal form. The conference will be held within ten (10) school days of the receipt of the appeal conference.
3. If the matter is not resolved at the Assistant Principal level, you may request and appear at a hearing to discuss the allegations with a Board of Education hearing officer. This written request should be sent to the Assistant Superintendent in the district office within five (5) school days of receipt of the PPS Supervisor's. At the hearing, the student may be represented by counsel and may also present witnesses, documents, and other evidence and arguments related to the allegations. After the hearing, the Board of Education will take such action, as it deems appropriate.

6:40 Prevention of Bullying, Intimidation and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing

students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parent/guardian status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Staff members are expected to report all incidents of bullying immediately to the District Complaint Manager. Anyone, including parent/guardians/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Students and parent/guardians are also encouraged to read the following school district policies: 7:20, *Harassment of Students Prohibited* and 7:180, *Prevention of and Response to Bullying, Intimidation and Harassment*.

6:45 Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
 - a. Substantially interfering with a student's educational environment;
 - b. Creating an intimidating, hostile, or offensive educational environment;
 - c. Depriving a student of educational aid, benefits, services, or treatment; or
 - d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms *intimidating*, *hostile*, and *offensive* include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Making a Complaint: Enforcement

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence, or any other prohibited conduct to the nondiscrimination coordinator, building principal, assistant building principal, dean of students, or a complaint manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

In the event that a student or parent/guardian feels a complaint has not been resolved, the student or parent/guardian has a right to a hearing. To schedule a hearing, please call Alena Edwards, Director of Student Services, (630) 782-3005. Further appeals may be taken to the Board of Education, then to the Superintendent of the Educational Service Region, and finally to the State Superintendent of Education.

6:60 Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent/guardian or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

6:70 Access to Student Social Networking Passwords & Websites

School officials may not request or require a student or his or her parent or guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website. However, school officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share content that is reported in order to allow school officials to make a factual determination. Refusing to comply with this request may result in potential disciplinary measures.

Section 7: Internet, Technology and Publications

7:10 Internet and Network Acceptable Use

Electronic networks, including the internet, are a part of the District's instructional program. Use of the District's electronic network allows student access to electronic mail communication and other forms of electronic communication; to information via the World-Wide Web and other information networks; and to various research sources. The District's network is part of its curriculum and is not a public forum for general use. In this handbook, "electronic network" and "network" include all technology resources provided by the District, which may include but are not limited to:

- The District's local-area and wide-area networks, including wireless networks (Wi-Fi), District-issued Wi-Fi hotspots, and any District servers or other networking infrastructure.
- Access to the Internet or other online resources via the District's networks or to any District-issued online account from any computer or device, regardless of location.
- District-owned or District-issued computers, laptops, tablets, phones, or similar devices.

All electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Acceptable Use - Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, (b) be consistent with the educational objectives, policies, rules, and regulations of the District, and (c) be in compliance with District discipline/student behavior codes. This policy extends to any and all remote use, including use for E-Learning and Remote Learning Days. Students accessing instruction or student supports remotely shall adhere to all behavior expectations and acceptable use expectations outlined in the District 88 student handbook and/or state and federal law.

Privileges - The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of this privilege. The system administrator or building principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

No Expectation of Privacy - **There is no expectation of privacy for any communication or data sent or received via the network.**

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses include, but are not limited to:

- Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;

- Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
- Downloading of copyrighted material for other than personal use;
- Using the network for private financial or commercial gain;
- Wastefully using resources, such as file space;
- Hacking or gaining unauthorized access to files, resources, or entities;
- Invading the privacy of individuals, which includes but is not limited to the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, including a photograph;
- Using another user's account or password;
- Posting material authored or created by another without their consent;
- Posting anonymous messages;
- Using the network for commercial or private advertising;
- Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually-oriented, threatening, racially offensive, harassing, or illegal material; and
- Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- Be polite. Do not become abusive in messages to others.
- Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- Recognize that email is not private. People who operate the network have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in any way that would disrupt its use by other users.
- Consider all communications and information accessible via the network to be private property.
- Do not audio or video record E-Learning or Remote Learning instruction or services without permission.

No Warranties - The District makes no warranties of any kind, whether express or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services or network.

Indemnification - The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, data charges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

1. Each re-publication (on a website or file server) of an image, video, or any other file that was produced externally must include a notice crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
2. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide such permission. The manager of the website displaying the material may not be considered a source of permission.

Use of Email - The District's email system, and its constituent software, hardware, and data files are owned and controlled by the District. The District provides email to aid students as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its network, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.

2. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
4. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
5. Use of the District's email system constitutes consent to these regulations.

7:20 Security and Responsible Disclosure

Disclosure - Network security is a high priority. If the user identifies a security problem on the network or Internet, the user must notify the system administrator or school administration immediately. The student must not disclose or demonstrate this information to other students.

User Accounts - All students will be issued various accounts in District 88. Student accounts are never to be shared between students or other individuals. All account information should accurately reflect the student using the account, and pseudonyms should not be used, nor should the student's identification be falsified. Attempts to log on to a device or system as a network administrator will result in the cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Password - Keep your account and password confidential. Network and account passwords should always be stored securely, either using a password manager or another method to protect this information. Students should always use strong passwords of at least 10 characters with mixed-case letters, numbers, and special characters. It is strongly discouraged to use the same password to protect multiple accounts. Whenever possible, it is strongly encouraged that students use multi-factor authentication. Passwords are not to be shared with other students or individuals, although District administration may request account information in select cases. To the extent permitted by law, the student must provide requesting District administrators with all usernames, passwords, and/or passcodes to a device and its contained software or applications upon request. Failure to provide administrators with access to a device may result in lost content. In addition, the student may also be subject to discipline or other consequences if the student is unwilling to provide such access.

District Retention of Records Created by the Device - To the extent permitted by law, the District may retain any records, including but not limited to electronic communications, such as emails and messages on personal social media accounts, from a device that it determines must be retained by law, including public records under the Illinois Local Records Act, school student records under the Illinois School Student Records Act, and educational records under the federal Family Educational Rights and Privacy Act.

Circumventing Security Measures - No attempts should be made to circumvent the security protections of the District or any network. This includes, but is not limited to, using VPNs, proxies, anonymizers, TOR, etc. Students are not permitted to scan, test, or penetrate the network's security protections.

7:30 District-Issued Student Devices

DuPage High School District 88 provides a District-issued Chromebook and related equipment to each of its students. Inappropriate use of technology, including but not limited to: audio or video recording without prior permission, cyberbullying or harassment, acquiring, distributing, searching, or viewing of inappropriate content, plagiarism, or any other offense may result in disciplinary action according to the guidelines in DuPage High School District 88 Student Handbook and Board Policies.

School-Related Use - The device is intended for use only by the student for school-related/educational purposes. Use of the device must comply with all District discipline/student behavior policies, procedures, and rules.

Student Expectations - Students are expected to follow the policies outlined in *7:10 Internet and Network Acceptable Use Policy* when using their District-issued device. The student's use of the District-issued device is subject to the discipline/student behavior policies, procedures, and rules of the District and school at all times. Students may not lend

District-issued devices or equipment to anyone.

Costs - An annual fee for the Chromebook will be charged every year the student attends District 88 schools. Students that have attended the District for four (4) years will have the option to keep their device upon graduation. Students leaving the District in less than four (4) years will have the option to purchase the device at a cost to be determined at the time of exit from the District. Waivers will be granted for qualifying students in accordance with the *4:140 District's Waiver of Student Fees Policy*. Transfer students who decide not to keep their District-issued device will need to return the device and charging accessories to the District.

Ownership - The District retains ownership of the District-issued device and related equipment while the student is in attendance in the District. A student has no expectation of privacy in a District-issued device or any communications, messages, or data located or stored on the device. The device will not be filtered after the student leaves our District and the District is not responsible for the device or its content once the student leaves the District. The District-issued device/equipment must be turned over to District staff upon request for content inspection, maintenance, or other administrative or support actions. All students must provide access and passcodes to the device upon request by a building administrator. District administrative staff and faculty retain the right to collect and/or inspect the device/equipment and alter, add, or remove software or hardware installed on the device at any time.

The District reserves the right to block application functionality, implement security measures, change device settings, or take any other administrative or security steps, as deemed necessary at the District's sole discretion. Any attempt to modify (i.e., "Jailbreak") District-issued devices or equipment, including but not limited to changing Internet access settings, will be considered a violation of District policy.

Home Use - Students are permitted to take their District-issued device/equipment home at the end of the school day. Students not graduating, transferring, or otherwise permanently withdrawing from District 88 will keep their District-issued device/equipment over the summer and all recess periods.

Care of the Device - The student and his/her parent(s)/guardian(s) are responsible for the reasonable care of the device/equipment, including but not limited to keeping the device/equipment within the provided casing, securing the device/equipment in a safe location, and taking reasonable steps to protect the device/equipment from damage, loss, or theft. Serial numbers and identification tags shall not be removed, altered, or tampered with.

Charging - Students are required each day to charge their devices at home and bring devices to school fully charged and ready for classroom use. A limited number of loaner devices will be available in the technology department in the event that a device is forgotten or if the device is brought to school without a charged battery. If the charger becomes damaged, students may obtain a replacement charger from the technology office. If the charger is lost, replacement chargers may be purchased from the bookstore.

Return of the Device - The District may require the student to return the District-issued device/equipment at any time. The student must return the device/equipment in the same condition as when the District issued it. A student who fails to produce the device/equipment within 24 hours after such a request may be subject to discipline or other consequences. District 88 may file a stolen property report with local law enforcement if a student does not return District-owned devices/equipment when requested or upon the student's withdrawal. Unauthorized persons in possession of District property are subject to prosecution under Illinois law.

Lost Device/Stolen Device - District-issued devices that are lost or stolen will be the responsibility of the family to replace at the full cost of the device. Intentional damage and/or theft will be reviewed on a case by case basis with the Dean's office according to the District 88 Board Policies and Student Handbook. In these instances, repair costs will be at the discretion of the administration. Any stolen devices need to be reported to the Dean's office and a police report will be filed.

Repair of Devices - Only the District is authorized to repair or service District-issued devices/equipment. Repair of District devices/equipment by any other party is prohibited. To the extent permitted by law, the District reserves the right to charge a student fee to cover maintenance and repairs to District-issued devices/equipment. Any intentional or accidental damage (not normal wear and tear or manufacturer defects) to the device will be assessed at the actual cost of the repair.

Repairs of the device will be covered by the District using a graduated repair fee scale:

- 1st repair - free
- 2nd repair - \$25

- 3rd repair - \$50
- 4th and subsequent repair - \$100

Internet Safety and Protection - In compliance with the “Children’s Internet Protection Act,” the District installs and operates filtering software designed to restrict, block, and filter Internet access to items that may include obscene, child pornographic, and any other material deemed inappropriate for students. The District will filter or block any material on a District-issued device that the District, in its sole discretion, deems to be inappropriate, including certain Internet sites. The District may grant requests to adjust filters or unblock sites/service for bona fide educational purposes, and a student may make a request to his/her teacher to have such filters or blocks adjusted for such purposes. However, the District does not and cannot guarantee the efficacy of its filtering software. The District’s use of filtering software does not relieve students and their parent(s)/guardian(s) of their responsibilities with respect to the use and care of the device. Regardless of where the device is used, students and their parent(s)/guardian(s) are responsible for abiding by State and Federal laws and regulations, complying with the District’s Internet guidelines, and complying with District policy and procedure and the terms of this Agreement. The presence of filters or blockers does not relieve the parent(s)/guardian(s) of a student of their responsibility for supervising the student’s use of the device outside of school.

Safety Training - The District provides training in Internet safety and digital citizenship as part of our District 88 required curriculum.

Supervision Outside of School - The District’s issuance of a device to the student does not create any duty on the part of the District to provide supervision of the use of the device or protection of the student regarding use of the device outside of school or outside of school hours. It is the sole responsibility of the parent(s)/guardians(s) to supervise the student use of the device when outside of school or outside of school hours.

District Right to Monitor - Users have no expectation of privacy or confidentiality with respect to the use of District-owned devices regardless of whether the use of such device is for District, school, classroom, or personal purposes. This is because the student is using a District-owned device. The device may contain tracking and/or monitoring software that allows the District to obtain and record information concerning the use of the device. The District does not actively monitor the use of the devices outside the District’s internal network and does not guarantee that devices can be located. Students and/or parent(s)/guardians(s) must notify school administrators if a device is missing and, for safety reasons, should not attempt to recover devices on their own. School administration will work with local law enforcement to recover devices.

Electronic Messaging - Teachers, coaches, and co-curricular sponsors may communicate with students outside of regular school hours about matters pertaining to school-related academics, athletics, and/or extracurricular activities. These communications may use the District’s email system or other District-managed electronic communications systems. Electronic communications between staff and students are not social in nature. Please contact the building principal with questions or concerns about electronic messaging.

District Policies - The student’s use of the device is subject to all District policies and procedures, including but not limited to the following policies and their related procedures:

- *6:235 Access to Electronic Networks*
- *6:260 Complaints About Curriculum, Instructional Materials, and Programs*
- *7:130 Student Rights and Responsibilities*
- *7:180 Prevention of and Response to Bullying, Intimidation, and Harassment*
- *7:190 Student Behavior*
- *7:315 Restrictions on Publications*

Installation of Applications - The District provides certain District-purchased software on devices. Parent(s)/guardian(s) acknowledge that the District is not responsible for the operator’s activities performed while using any applications. Charges from Apple, Google, or other third-party providers that are generated from within any application or content/media (i.e., “In-App Purchases”) are the sole responsibility of the user. Students are permitted to add or download additional applications that have been approved by the District. The District is not responsible for the disposition of personal applications. The District is not responsible for any software loaded on home devices or the effect or interaction that the District-provided device or its software may have on the other programs or systems of the home device. Students may not attempt to remove or change the physical structure of a District-issued device. Students may not attempt to install or run any operating system on a District-issued device other than the operating system supported by the District.

Revocation of Use - The use of a District-issued device and the District's network is a privilege, not a right. The District may revoke the student's privilege to use the device and related services any time it deems appropriate, including where the student violates this handbook, District policy, or District procedures or rules. Additional details are provided within District policies, including, but not limited to:

- *6-235 Access to Electronic Networks*
- *7-180 Prevention of and Response to Bullying, Intimidation, and Harassment*

Indemnification - The student and parent(s)/guardian(s) release, hold harmless, defend, and indemnify the District from any claims, liability, or monetary damages (including attorney fees) brought by a third person, the student, or the parent(s)/guardian(s) against the District and related to the student's use of a District-issued device or the student's or parents'/guardians' violation of this handbook, District policy, or District procedures or rules.

7:70 Annual Notice to parent/guardians about Educational Technology Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parent/guardians/guardians
- Other activities that are for the use and benefit of the school district

Section 8: Search and Seizure

8:10 Search and Seizure

LOCKERS: A student is assigned a locker exclusively for their use. Only locks purchased in the school bookstore can be used for these lockers (including Physical Education lockers) and unauthorized locks will be removed by the administration. All student lockers remain the property of District 88 and shall be subject to inspection and search, with or without student consent, at any time and under any circumstances by the Superintendent or his designee. Locker assignments are handled in the Deans' Office.

STATEMENT OF PURPOSE

Consistent with its mission of providing an educational experience of maximum quality for all students enrolled, the Board of Education has determined that such educational experience is significantly threatened by activities which may tend to injure, or which threaten to injure, students or members of the educational community. Such activities are specified herein. While a function of schools in a democratic society is to foster adherence to constitutional rights, the Board of Education believes such adherence to constitutional rights of all students must be constantly measured in relationship to avoidance of the possibility of threats to the welfare of all students. In pursuit of such purpose, the Board of Education declares that certain activities and conduct are inherently detrimental to the attainment of maximized educational experiences.

PROCEDURES OF IMPLEMENTATION

The Board of Education authorizes its administrators and deans to exercise the following:

Search all places of storage, including, but not limited to, desks, all lockers, and other places within the ownership and control of the District.

Search all possessions of a student, including, but not limited to, the person or the extension of the person, such as, without limitation, vehicles, book bags, briefcases and articles of transport, pockets, purses, cell phones, electronic devices, and articles of clothing of the student. The administrators conducting such searches outlined above may include the use of devices including, but not limited to, search dogs, magnetometers, scanning, video or audio equipment (whether concealed or not) and the like.

CONDITIONS PRECEDING SEARCHES

The searches outlined above shall be conducted in the reasonable judgment of the administration or deans, provided that an administrator, dean, or other employee or agent of our Board of Education has reasonable cause to believe that the student has committed or intends to commit a violation of the discipline policy or a prohibited activity. Where practical, and when not involving property owned by the District, an employee of the School District should request permission for such search. For property owned by the School District, or within the control of the School District, no such permission shall be required as the Board of Education finds and declares that a student shall have no expectation of privacy in such property or premises.

In the event a School District employee has reasonable belief to request a search of a student, the search shall be limited to the unrolling of cuffs and sleeves; the emptying of pockets and purses; and the removal of jacket-type garments, shoes, and socks. parent/guardians will be notified by a School District employee that a search has occurred. If a student refuses a request for a search under the conditions outlined above, the matter will immediately be referred to law enforcement officials and parent/guardians will be notified. In the event a School District employee believes more detailed searches are necessary to enforce the provisions of this policy, the School District shall contact the parent/guardian and refer the matter to law enforcement officials and shall not participate in further consequential searches.

ENTRY SEARCHES

The District may utilize a magnetometer at school entrances and/or conduct manual searches of parcels carried into school only where a violent act with a weapon has occurred recently on school property or information that violence with a weapon may occur on school property has been received.

Entry searches will be limited in scope to finding weapons; however, if other contraband is found in plain sight of the entry search, both weapons and other contraband will be confiscated and the violator will be turned over to school officials for discipline.

parent/guardians and students will be notified of the purpose and procedure of entry searches prior to the district initiating the entry search process. Students will be informed of their right to refuse to submit to an entry search and the penalties facing them for an unexcused absence.

Urinalysis, breathalyzer, blood, lie detector and other tests, may only be given by the district where:

1. The School District already has sufficient evidence to discipline the student for a particular violation and is only using such test to strengthen the case against the student. Tests are not to be used as the sole evidence of the violation.
2. The student shall be made aware of all evidence against them.
3. The student and the student's parent/guardians or guardian consent to the tests.
4. Having reasonable cause, the district may require students participating in any school-sanctioned activities to submit to a urinalysis test to detect drugs, alcohol or steroid use. If a student refuses to submit to the urinalysis test, the administration has the right to suspend the student from the school-sponsored activity.

NOTIFICATION REGARDING STUDENT ACCOUNTS OR PROFILES ON SOCIAL NETWORKING WEBSITES

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer or school resource officer detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, School Counseling counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Please contact the school if you have any questions.

PROCEDURAL CHALLENGE TO POLICY

Any person who alleges that this Policy has been wrongfully applied, or has resulted in the unfair and/or inequitable treatment of a student may submit such allegation, in writing, using the procedures outlined in this handbook.

DUE PROCESS

Parents/guardians, guardians, and students are afforded an opportunity for a hearing to challenge the contents of the student's records to ensure that the information is not inaccurate, misleading, or inappropriate and to provide for the correction, deletion, or explanation of such information. Hearing procedures have been established that include the following:

- b. The hearing shall be given, and the decision made, by an educational official, or other person who has no direct interest in the matter.
- c. The parent/guardians, guardian, or student shall be granted full and fair opportunity to present evidence and statements.

Purpose

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade. We believe extracurricular activities assist each student in meeting their educational goals, and there is a wide variety of programming established for our students. Attendance and participation in these activities are at the discretion of the school. New and current students participating in co-curricular activities and summer camps are bound by the terms of the Code of Conduct twelve months a year (including summer, winter, & spring intermissions), both in & out of an activity season, at school, at school events, and in the community at large. Code of Conduct consequences will be imposed for conduct that occurred in a

previous school year provided the Code was applicable to the student at the time the conduct occurred, and consequences for the conduct are imposed within a reasonable time after the administration first became aware of the conduct.

If a student or group of students is interested in starting a new club, activity, sport, or sport level, they should contact the Athletic Office.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

[3]
5. A signed agreement by the student and the student's parent/guardian authorizing compliance with the School District's Extracurricular Drug and Alcohol Testing Policy; [4] and
6. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

9:30 Student Athlete Concussion and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition. A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols. Certified Athletic trainers are employed in both schools annually. For more information regarding athletic trainers and/or detailed concussion protocols please contact the Athletic Office at AT or WB.

Illinois High School Association

Eligibility for most athletics is also governed by the rules of the Illinois High School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA and this Code, the most stringent rule will be enforced.

Academic Eligibility

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

Every Friday, it is the responsibility of the head coach to check the eligibility of their student athletes. To be eligible to represent the school in interscholastic contests, students must be passing 5 academic classes per week during the season and must have passed 5 academic classes the semester prior to participation. Passing work shall be defined as **work of such a grade that if on any given date a student would transfer to another school, passing grades for the course would immediately be certified on the student's transcript.**

Any student who fails to meet the academic criteria stated above will be ineligible for interscholastic competition for the following week beginning Monday through Saturday of that week.

Any student ruled ineligible for not meeting the academic criteria stated must be passing 5 academic classes at the end of the ineligible week or the ineligibility will continue for another week. Students suspended or expelled from the high school educational program are not permitted to participate in or attend any school curricular or co-curricular events or activities

during the term of the suspension/expulsion. Any student placed off-campus in an alternative program/outside placement facility will be considered by the administration for participation in extracurricular activities on an individual, case by case basis.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor, or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family, or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor, or coach.

Travel

All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school-approved transportation. A written waiver of this rule may be issued by the teacher, sponsor, or coach in charge of the extracurricular or athletic activity upon advance written request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid.

Insurance

DuPage High School District 88 provides Student Accident Insurance Coverage for all students. This program provides coverage for students for any injuries incurred while participating in school-sponsored and/or supervised activities, including athletics. If students have other insurance coverage, then the District 88 coverage is secondary. The program is administered by Zevitz, Redfield & Associates, phone (312) 346-7460 or (847) 374-0888. Section 10: Learning Services/Special Education

10:10 – 10:20 Special Education and Discipline of Special Education Students

District 88 provides a variety of special education programs and related services to meet the unique needs of students with disabilities as required by the *Individuals with Disabilities Education Act (IDEA)*, Article 14 of the *School Code of Illinois*, and their implementing regulations. The term “students with disabilities” as used in this Section means children between ages 3 and 22, inclusive, for whom it is determined, through definitions and procedures described in the *Illinois Rules and Regulations to Govern the Organization and Administration of Special Education*, that special education services are required.

It is the intent of District 88 to ensure that students with disabilities are identified, evaluated and provided with appropriate educational services. A student’s eligibility and need for special education and related services as determined by a multidisciplinary team, including the parents, which considers the student’s past and present performance, the results of specific testing, and the results of specific interviews and reports. Parents who suspect that their child may be in need of special education and related services should direct their concerns to the Assistant Principal for Pupil Personnel Services of the high school that the student attends. The District will provide the parents with notice of their rights with respect to procedural safeguards. Copies of the “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” are also available in the offices of the building principals.

Some students with disabilities require the use of behavioral interventions. It is District 88’s intent that when behavioral interventions are used with students with disabilities, they will take into consideration students’ freedom and discipline will be administered in a manner that respects human dignity and personal privacy. Behavior interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. District 88 has established and maintains a committee to develop policies and procedures for the use of behavioral interventions in accordance with the *School Code of Illinois* and the State Board of Education rules and regulations. District 88 shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of

Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability. District 88's policies and procedures are provided to parents of a student with an individualized education plan ("IEP") at the time the IEP is first implemented and each school year thereafter. Copies of the District's policies and procedures are also available in the offices of the building principals.

Section 504

Students with disabilities who do not qualify for an individualized education program, may qualify Section 504 of the Rehabilitation Act of 1973, a federal law that prohibits discrimination on the basis of disability in programs or activities of the District. Section 504 covers those students with disabilities who are determined to have a physical or mental impairment that substantially limits one or more life activities. A disability or medical diagnosis alone does not qualify a student for services under Section 504. A temporary impairment does not qualify a student for services under Section 504. A temporary impairment does not constitute a disability under Section 504, unless it is of such severity that it will substantially limit one or more of a student's major life activities for an extended period of time.

A student's eligibility for services under Section 504 is determined on an individualized basis. Parental consent must be provided before an initial evaluation is conducted by the District. A qualified student with disabilities is entitled to receive services and accommodations designed to meet his/her individual educational needs as adequately as the needs of students without disabilities are met. A Section 504 plan will be developed for a qualifying student that identifies the services and accommodations needed for the student to receive a free and appropriate public education.

It is the intent of the District to ensure that students with disabilities that qualify under Section 504 are identified, evaluated, and provided with appropriate educational services. Students may qualify for services under Section 504 even though they are not eligible for special education and related services pursuant to the *Individuals with Disabilities Education Act (IDEA)*.

Parents who would like more information and /or suspect that their child may qualify for services under Section 504 should contact the school's Assistant Principal.

Positive Behavior Interventions and Supports (PBIS) and Response to Intervention (RTI) process.

District 88 is in year 13 of **PBIS** implementation at both Addison Trail and Willowbrook High School. In each system, school-wide behavior expectations are clearly defined, taught, and maintained throughout the building. More information can be obtained on the District 88 website under the Blazer Pride and Warrior Code initiatives. Additionally, District 88 has implemented a Response to Intervention process requiring that students receive research-based instruction at all levels and that academic interventions are well documented.

Students struggling to maintain behavioral or academic expectations and/or not responding to proper interventions at any level will be recommended by the PBIS/RTI/PPS Teams for higher levels of interventions. For more information please contact the Assistant Principals.

10:30 Exemption From Physical Education Requirement

A student in grades 3-12 who is eligible for special education may be excused from physical education courses if:

1. The student's parent/guardian agrees that the student must utilize the time set aside for physical education to receive special education support and services, or
2. The student's individualized education program team determines that the student must utilize the time set aside for physical education to receive special education support and services.

The agreement or determination is made a part of the individualized education program. A student requiring adapted physical education will receive that service in accordance with the student's individualized education program.

10:40 Certificate of High School Completion

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class.

10:50 Request to Access Classroom or Personnel for Special Education Evaluation or Observation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child. For further information, please contact the school principal.

10:60 Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

The term “instructional material” means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

District employees or officials of the Illinois State Board of Education will be granted access, without parental/guardian consent or notification, when a current, demonstrable, educational or administrative need is shown. Access in such cases is limited to the satisfaction of that need. 105 ILCS 10/6(a)(2). Disclosure is also permitted to school officials with legitimate educational or administrative interests, A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member or may also include a volunteer, contractor or consultant who, although not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical or other consultant, therapist or educational technology vendor). A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her

professional responsibility or contractual obligations with the district. Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest. 105 ILCS 10/6(a)(2).

2. Access will be granted, without parental/guardian consent or notification, to any person for the purpose of research, statistical reporting, or planning, provided that no student or parent/guardian can be identified from the information released, and the person to whom the information is released signs an affidavit agreeing to comply with all applicable statutes and rules pertaining to school student records. 105 ILCS 10/6(a)(4).
3. The District will comply with an *ex parte* court order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to or the consent of the student's parent(s)/guardian(s). 20 U.S.C. §1232(g)(j), as added by the Sec. 507 of the U.S.A. Patriot Act of 2001. An *ex parte* order is an order issued by a court of competent jurisdiction without notice to an adverse party.
4. A SHOCAP (Serious Habitual Offender Comprehensive Action Program) committee member will be granted access, but only to the extent that the release, transfer, disclosure, or dissemination is consistent with the Family Educational Rights and Privacy Act. 105 ILCS 10/6(a)(10) allows disclosure to SHOCAP committee members who are "state and local officials and authorities" as those terms are used in the federal Family Educational Rights and Privacy Act. This federal law does not define "state and local officials and authorities;" rather, it limits when disclosure may be made to such officials and authorities.
5. Juvenile authorities will be granted access when necessary for the discharge of their official duties upon their request before the student's adjudication, provided they certify in writing that the information will not be disclosed to any other party except as provided under law or order of court. *Juvenile authorities* means: (a) a circuit court judge and court staff members designated by the judge; (b) parties to the proceedings under the Juvenile Court Act of 1987 and their attorneys; (c) probation officers and court-appointed advocates for the juvenile authorized by the judge hearing the case; (d) any individual, public or private agency having court-ordered custody of the child; (e) any individual, public or private agency providing education, medical or mental health service to the child when the requested information is needed to determine the appropriate service or treatment for the minor; (f) any potential placement provider when such release is authorized by the court to determine the appropriateness of the potential placement; (g) law enforcement officers and prosecutors; (h) adult and juvenile prisoner review boards; (i) authorized military personnel; and (j) individuals authorized by court. 105 ILCS 10/6(a)(6.5).
6. Military recruiters and institutions of higher learning will be granted access to secondary students' names, addresses, and telephone listings, unless the student's parent/guardian submits a written request that such information not be released without the prior written consent of the parent/guardian or eligible student. Only this written consent process may be used.. Military recruiters and institutions of higher learning have access to students' names, addresses, and phone numbers even if the District does not release directory information. Sec. 9528 of the No Child Left Behind, 20 U.S.C. §7908. For more information, see 7:340-AP1, E3, *Letter to Parents Concerning Military Recruiters and Postsecondary Institutions Receiving Student Directory Information*; 7:340-AP1, E4, *Frequently Asked Questions Regarding Military Recruiters Access to Students and Student Information*. The requirements in this paragraph #6 apply only if the District receives funds under the Elementary and Secondary Education Act. Id.
7. Access will be granted, without parent/guardian consent or notification, to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information between them. 105 ILCS 10/6(a)(13).

Access Without Consent of, but With Notification to, Parent/Guardian or Eligible Student

1. Access will be granted pursuant to a court order, provided that the parent(s)/guardian(s) shall be given prompt written notice of such order's terms, the nature and substance of the information proposed to be released, and an opportunity to inspect and copy such records and to challenge their contents. 105 ILCS 10/6(a)(5). Parents of students who are named in a court order shall be deemed to have received the required written notice. The Building Principal shall respond to the order no earlier than 5 school days after its receipt in order to afford parents/guardians the opportunity to review, inspect, and challenge the records if the parents choose to do so. 23 Ill.Admin.Code

§375.70(d). For the purposes of these procedures, a court order is a document signed by a judge. A subpoena signed by a court clerk, an attorney, or an administrative agency official shall not be considered a court order unless signed by a judge. 23 Ill.Admin.Code §375.40(a).

2. Information may be released without parental consent, in connection with an articulable and significant threat to the health or safety of a student or other individuals, to appropriate persons if the knowledge of the requested information is necessary to protect the health or safety of the student or other individuals. The Building Principal shall make this decision taking into consideration the seriousness of the threat, the need for such records to meet the emergency, whether the persons to whom such records are released are in a position to deal with the emergency, and the extent to which time is of the essence in dealing with the emergency. 105 ILCS 10/6(a)(7); 23 Ill.Admin.Code §375.60. The Building Principal shall notify the parent(s)/guardian(s) or eligible student, no later than the next school day after the date that the information is released, of the date of the release, the person, agency or organization to whom the release was made, and the purpose of the release.
3. The District will grant access as specifically required by federal or State statute, provided the individual complies with the requirements in 23 Ill.Admin.Code §375.70(b). 105 ILCS 10/6(a)(6). Prior to granting access, the Building Principal shall provide prompt written notice to the parent(s)/guardian(s) or eligible student of this intended action. 105 ILCS 10/6(b); 23 Ill.Admin.Code §375.70. This notification shall include a statement concerning the nature and substance of the records to be released and the right to inspect, copy, and challenge the contents. If the release relates to more than 25 students, a notice published in the newspaper is sufficient.
4. In accordance with the procedures described below, access will be granted, without parent/guardian consent, to the official records custodian of another school within Illinois or an official with similar responsibilities of a school outside Illinois, in which the student has enrolled or intends to enroll, upon the request of such official or student. 105 ILCS 10/6(a)(3).

The District charges \$.35 per page for copying information from a student's records. No parent/guardian or student shall be precluded from copying information because of financial hardship. 23 Ill.Admin.Code §375.50.

I. Record of Release

1. Except as provided below, a record of all releases of information from school student records (including all instances of access granted whether or not records were copied) shall be kept and maintained as part of such records. 105 ILCS 10/6(c). This record shall be maintained for the life of the school student record and shall be accessible only to the parent(s)/guardian(s) or eligible student, Building Principal, or other authorized person. The record of release shall include each of the following:

1. Information released or made accessible
2. The name and signature of the Building Principal
3. The name of the person obtaining the release or access, in what capacity the request was made, and the purpose for the request
4. The date of the release or grant of access

No record of a disclosure is maintained when records are disclosed according to the terms of an ex parte court order. 20 U.S.C. §1232(g)(j)(4).

J. Orders of Protection

Upon receipt of a court order of protection that prohibits access to records, the Building Principal shall file it in the temporary record of a student who is the *protected person* under the order of protection. If so, ask the appropriate person as identified in 740 ILCS 110/4 whether to send the record protected by MHDDCA to the new school and, if yes, obtain a written consent for disclosure as provided in 740 ILCS 110/5.

This requirement does not apply to special education records and reports that are related to the identification, evaluation, or placement of, or the provision of a free and appropriate public education to, students with disabilities. 23 Ill.Admin.Code §375.10.

3. Provide the parent/guardian or eligible student prior written notice of the nature and substance of the information to be transferred and opportunity to inspect, copy, and challenge it. If the parent's/guardian's address is unknown, notice may be served upon the official records custodian of the requesting school for transmittal to the parent/guardian. This service is deemed conclusive, and 10 calendar days after this service, if the parents/guardians make no objection, the records may be transferred to the requesting school.

5. Retain the original records in accordance with the requirements of 105 ILCS 10/4.

Refrain from transferring the records if a student's record has been flagged as a "missing child" as provided in Section 5 of the Missing Children Records Act and Section 5 of the Missing Children Registration Law. The district shall notify the Illinois Department of State Police or the local law enforcement authority of this request.
8. Include information about whether or not the student is in good standing and whether or not the student's medical records are up to date and complete. 105 ILCS 5/2-3.13a.
9. Within 14 calendar days after enrolling a transfer student, request directly from the student's previous school a certified copy of the student's record and exercise due diligence to obtain a copy of the record requested.

If the student has unpaid fines, fees, or tuition charged pursuant to 105 ILCS 5/10-20.12a and is transferring to a public school located in Illinois or any other state, the Building Principal shall: 23 Ill.Admin.Code §§375.75(i).

1. Transfer the student's *unofficial record of student grades* in lieu of the student's official transcript of scholastic records. The *unofficial record of student grades* means written information relative to the grade levels and subjects in which a student was enrolled and the record of academic grades achieved by that student prior to transfer. These records shall also include the school's name and address, the student's name, the name and title of the school official transmitting the records, and the transmittal date.
2. Within 10 calendar days after the student has paid all of his or her unpaid fines or fees and at this District's own expense, forward the student's official transcript of scholastic records to the student's new school.

The Principal shall include the following information with the transferred records if the student is transferring to another public school located in Illinois or any other state and at the time of the transfer is currently serving a term of suspension or expulsion for any reason: 105 ILCS 5/2-3.13a.

3. The hearing officer will conduct a hearing within a reasonable time, but no later than 15 days after the informal conference unless an extension of time is agreed upon by the parent(s)/guardian(s) and school officials. Parent Rights Concerning Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

- 1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have the right to access and copy both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection that prohibits access to records has been entered concerning the student.

- 2. The right to have one or more scores received on college entrance examinations included on the student's academic transcript.**

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student's high school. A parent/guardian or eligible student may want certain scores to be included on academic transcripts sent to postsecondary institutions to which the student applies. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student’s education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. Additionally, the parent/guardian or eligible student has the right to request the removal of college entrance scores from the student’s permanent transcript.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs

Major field of study
Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege, or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.
