BENEFITS OF D88 COLLEGE LAUNCH: THE POWER OF 15

- One semester of college equals 15 credit hours
- One semester of college credits can be earned at no cost
- All courses are taught by credentialed District 88 teachers who are adjunct faculty at our partner institutions
- All courses are taught in the buildings during the regular school day
- Students enroll in the course at their high school and, upon successful completion, receive credit toward high school graduation and transcribed college credit from our partner institution
- Students build confidence by experiencing the rigor of a college course
- Demonstrate readiness for success in college

PROJECT LEAD THE WAY COURSES

PLTW courses help students grow in science, technology, engineering, mathematics, and biomedical sciences through practical, hands-on applications. Many courses also offer transcribed college credit for students who meet partner institution requirements.

ENGINEERING PATHWAY
INTRO TO ENGINEERING DESIGN
PRINCIPLES OF ENGINEERING
DIGITAL ELECTRONICS
AEROSPACE ENGINEERING

BIOMEDICAL PATHWAY
PRINCIPLES OF BIOMEDICAL SCIENCE
HUMAN BODY SYSTEMS
MEDICAL INTERVENTIONS
BIOMEDICAL INNOVATION

D88 COLLEGE LAUNCH: THE POWER OF 15

D88 TRANSITIONAL COURSES

Successful completion of Transitional courses indicates that a student is ready for college-level classes, allowing them to bypass placement tests for credit-bearing college courses at all Illinois community colleges and many universities.

Grade 12 District 88 students can take ***Rhetoric of Contemporary Topics*** to satisfy the English competencies and ***Quantitative Literacy and Statistics*** for the Math competencies.
